

William Carey College proudly announces the beginning of the "Campaign for Excellence," which will meet the needs of a vibrant, growing college committed to excellence in a Christian context.

This capital campaign has one purpose: to raise funds for the education of students while providing them with a Christian environment where they can grow in faith and learning.

As we begin this campaign, we are pleased to announce that trustees, faculty and staff have pledged over \$1,500,000 to this endeavor. The Carey family is committed to the future of WCC.

We are excited about the opportunities made possible through a successful capital campaign and we challenge you to join our "Campaign for Excellence."
