Policy regarding selection of clinical faculty in the higher education unit

1. The unit’s clinical faculty must have an earned doctorate in education (curriculum, leadership, or instruction).

2. Clinical faculty who work with teacher candidates must have significant P-12 experience in teacher supervision and teacher mentoring.

3. Clinical faculty are role models in current educational best practices.

4. Clinical faculty are expected to make a minimum of three visits per term per intern.

5. Clinical faculty must hold a current teaching and/or administrative license.

6. Clinical Faculty must attend required inservice sessions offered by the unit to assist and support in refining their knowledge and competencies in mentoring teacher candidates.
