

William Carey University

VA Advisement Form

This form must be submitted before **each** enrollment period at least **two weeks prior** to the start of the term. It must be signed by the student and the advisor, and returned to the School Certifying Official.

The VA will only pay for courses that apply to the student's degree; therefore, **the student must inform the SCO when the student's major has changed**. A new advisement form and a change of major form must be completed, signed by the new advisor, and returned to the SCO.

Failure to return this form signed by the advisor will result in termination of benefits at William Carey University.
