

# Master of Occupational Therapy

**This program is pending approval by the Southern Association of Colleges and Schools Commission on Colleges. The Department of Occupational Therapy program at William Carey University anticipates accepting its first cohort of Master of Occupational Therapy students for the Fall 2025 academic term.**

## OTA to MOT Bridge Program:

William Carey University's OTA to MOT Bridge program accepts a limited number of students for the **fall semester** of each academic year. In addition to the admission requirements for William Carey University, the candidates who are seeking admission into the OTA to MOT Bridge program must also meet the following minimum requirements:

## Admission Requirements

- **Graduated from an accredited Occupational Therapy Assistant program** with an associate's degree
- Must hold an **unencumbered OTA license** throughout the duration of the program
- **Complete all sections of the OTCAS application** by the deadline date at <https://otcas.liasoncas.com> using Institutional Code 7400. No documents should be sent directly to William Carey University.
- **Completion of OT prerequisite courses with a minimum cumulative GPA of 3.0.**
  - A grade of a "B" or above in each prerequisite course is recommended, however, no grade lower than a "C" will be accepted in these courses.
- One year of full-time work experience as a licensed occupational therapy assistant
- A **professional resume**
- Provide **three letters of recommendation**. It is required that one of the recommendation letters be from a licensed occupational therapy practitioner.
  - *It is most important that the people providing recommendations know you well so that they can provide specific examples of your strengths and accomplishments. Letters of recommendation must be submitted through OTCAS.*
- **After the initial processing of applications**, selected applicants will complete an admission interview.
