WILLIAM CAREY UNIVERSITY

Hattiesburg • Biloxi • Baton Rouge

Mission Statement

William Carey University provides a quality education, challenging students to excel in scholarship, leadership, and service in a caring community rooted in Christian values and its Baptist namesake.

Vision

William Carey University is a community of learners which seeks to blend faith and learning with living. Within this unique nurturing and challenging environment, students prepare to fulfill their diverse callings in the larger global community.

The Carey Creed

"Expect great things from God; attempt great things for God."

Theme Verse

Each year, William Carey University selects a theme verse from the Bible to guide its mission and focus for the academic year. This year's verse is Matthew 23:11, **"The greatest among you will be your servant."**

Just two months before his death in 1968, Dr. Martin Luther King Jr. delivered a speech entitled, "The Drum Major Instinct." In the speech, Dr. King stated, "If you want to be great—wonderful. But recognize that he who is greatest among you shall be your servant. That's a new definition of greatness. By giving that definition of greatness, it means that everybody can be great, because everybody can serve...You only need a heart full of grace, a soul generated by love. And you can be that servant."

Dr. King's words echo Jesus' own words in Matthew 23:11. They remind us that greatness is not about accumulating accolades or possessions, but that true greatness is found in loving and serving others. As a Christian university, we want to honor Jesus by continuing His mission to love and serve everyone we meet. This year we want to live out the truth that we are *called to serve*.

The Translation

The William Carey University student handbook is titled *The Translation*. Its purpose is to clearly communicate information that is needed by all WCU students. William Carey was a poor cobbler with limited education, but through persistence and hard work he became a world-renowned scholar. He mastered Latin, Greek, Hebrew, and most of the known languages of his time, translating the Bible into more than 40 languages and dialects. When the practice of Sati (widows being burned to death on their husbands' funeral pyres) was outlawed in India, Carey was chosen to translate the order into Sanskrit in order to communicate the new law to all the people. The purpose of this edition of *The Translation* is to communicate to you the information that you need in order to achieve the maximum benefit from your time at Carey.

The William Carey University mission statement, vision, creed, and annual theme are intended to communicate an ethos that permeates who we intend to be as an institution. Policies, regulations, guidelines, and other information in this handbook are provided to communicate expectations of a WCU student. It is acknowledged, however, that policies, rules, and regulations cannot govern every conceivable condition or circumstance that may arise. It is therefore stated clearly that students are to adhere to Judeo-Christian ethics and moral standards as informed by the Baptist tradition.

Students who are admitted to William Carey University are special and will be held to high academic, moral, and ethical standards while at Carey. By signing for this handbook and registering for classes, you accept the challenge described in this handbook.

The university updates the student handbook annually, and current and new students are issued copies at the opening of the academic year. Residential students sign for copies when checking into the resident hall. Returning commuter students sign for copies in the student life office when renewing vehicle campus permits. New students sign for the handbook at orientation at each of the campus locations or in the student life office when a student identification card is made.

This handbook does not constitute a contract between William Carey University and its students. The plans, policies and procedures described in this handbook are subject to change by the university at any time. The current student handbook is posted on the university website, and students are responsible for the most current revision.

Failure to read this handbook and other sources of regulations governing college life at William Carey University does not excuse the student from the requirements and regulations described therein.

This edition of the handbook does repeal and supersede all previous editions of the handbook.

As a Christian university affiliated with the Mississippi Baptist Convention, William Carey University is exempt from provisions of certain non-discrimination laws and regulations. The following person has been designated to handle inquiries regarding the non-discrimination policies: Provost, 710 William Carey Parkway, Hattiesburg, MS 39401 (601) 318-6101.

HISTORY

William Carey University had its earliest origins in Poplarville, Miss., when W. I. Thames opened Pearl River Boarding School in 1892. In its early years of operation, PRBS became the largest such school in Mississippi. A disastrous fire destroyed the school in 1905. Professor Thames moved to Hattiesburg where he opened South Mississippi College in 1906.

After only four years of operation as South Mississippi College, the administration-academic building, including a 1500-seat auditorium, was destroyed by fire. Prominent Hattiesburg businessman W.S.F. Tatum secured title to the property and offered it to the Baptists. Five Hattiesburg churches accepted the offer and raised the funds to repair the existing buildings. They presented the college to the Mississippi Baptist Convention debt-free in the fall of 1911, the same year the Mississippi Baptist Convention accepted the school as Mississippi Woman's College.

The growth of Mississippi Woman's College was a source of pride for Mississippi Baptists. In 1953 the college admitted men, and in 1954 changed its name to William Carey College in honor of the 18th century English cobbler-linguist-botanist whose decades of missionary work in India earned him the title, "Father of Modern Missions." In order to attract male students, a football team was established and achieved two winning seasons before being disbanded.

Under the leadership of Dr. J. Ralph Noonkester (1956-1989), William Carey College enjoyed significant growth, including 14 new buildings. The college attracted national attention for its athletic teams, traveling chorale, theatre groups, scientific honor societies, and student mission efforts.

In 1968 William Carey College merged with the Mather School of Nursing to establish a

nursing program in New Orleans. William Carey College on the Coast was established in 1976.

James Edwards was president of William Carey from 1989-97. Under his leadership, the Lucile Parker Gallery and Sarah Gillespie Art Museum were opened.

Dr. Larry Kennedy served as president from 1998 to 2006. Physical improvements were made to existing facilities and several new buildings were constructed, including Fail-Asbury Hall, Lorena Smith Hall, Donnell Hall, and the Milton Wheeler baseball field. In 2005 Hurricane Katrina destroyed the coast campus and significantly damaged the Hattiesburg campus.

In 2006 the institution gained university status and became William Carey University. Dr. Tommy King was named the ninth president of the university in 2007, the first Carey graduate to hold the post. In 2009 “Carey on the Coast” was relocated to the newly completed Tradition campus. In 2010 the College of Osteopathic Medicine admitted its inaugural class. Under Dr. King’s leadership, the university’s enrollment grew 80%, and new buildings were built, including the College of Osteopathic Medicine, Tatum Theatre, Jack Jones Field House and tennis complex, Byrd-Braswell Hall, Davis-Futrel Hall, Bass Memorial Chapel, a School of Business building, a biology lab building, a gym annex, and the Waddle sports facility.

On Jan. 21, 2017, an EF3 tornado struck the Hattiesburg campus, resulting in damage to nearly all campus facilities. Six buildings were damaged beyond repair—including Tatum Court, which had just celebrated its 100th anniversary. The University of Southern Mississippi provided residential space, services for students, and academic/administrative space for several programs.

After the tornado, many buildings were restored, and six new buildings were constructed. In April 2021, the new King Student Center, named by the trustees for then-president Tommy King and his wife, Sandra, was dedicated. The three-story building includes the Baptist Student Union, student meeting rooms, a large event space, the Carey Diner, game room, student lounges, student services office, residence life and housing office, conference room, study rooms, and computer lab.

New construction at WCU-Tradition included the 2018 opening of Scianna Hall and Sanderson Hall, which houses the School of Pharmacy. New academic programs were added including seven doctoral degrees, one in physical therapy. With the reinstatement of tennis and the addition of cross-country and track, indoor track and field, and volleyball, the number of athletic teams increased to 18.

A new 67,000-square-foot Health Sciences Building was dedicated in August 2021. It houses the School of Nursing, health information management, health education and administration, the physical therapy program, and the occupational therapy program. It also includes two large lecture halls designed to accommodate 200 students.

The WCU College of Osteopathic Medicine grew to be the largest medical school in the state. WCUCOM is recognized by *U.S. News & World Report* as one of the Top 100 medical schools in the country and is in the top 10 in the U.S. for producing the highest percentage of primary care physicians. WCU was voted “Best Place to Work” for three years straight.

In summer 2022, Dr. Tommy King retired as president of William Carey University. He was succeeded by Dr. Ben Burnett, who worked in public education as a principal and school superintendent for decades before joining WCU in 2014 as dean of the School of Education.

He served as WCU's executive vice president from April 2020 until August 2022, when he assumed his new role as president.

In May 2023, WCU College of Osteopathic Medicine received a \$20 million infrastructure grant through AccelerateMS to establish the Institute for Primary Care. The two-phase, 60,000-square-foot project is under construction at the Hattiesburg campus and will open in late 2025.

In fall 2023, William Carey University launched the "Making College Affordable" program. It includes low tuition (no increase over fall 2022), an average increase of 40 percent in academic scholarship amounts, and free textbooks for all undergraduate students.

WCU-Tradition is poised for its next phase of expansion—new residential housing for students, full-service cafeteria, and high-tech nursing simulation lab.

After nearly three decades, Wheeler House is again the official residence of the president of William Carey University. WCU President Dr. Ben Burnett made it official in February 2024 as he and his wife, Denise, welcomed friends and community members to a dedication ceremony and open house.

Dr. Noal Cochran joined the WCU staff as provost and vice president for academic affairs in June 2024. In January 2025, he was elected to serve as a trustee of SACSCOC, Southern Association of Colleges and Schools Commission on Colleges.

In summer 2024, Carey Dinner Theatre presented "Waffle House: The Musical," written by three CDT staffers. They played to sold-out houses, and its run was extended to meet audience demand. Also that summer, Dr. David Weldon was named dean of the WCU School of Pharmacy. Swimming and competitive cheer joined WCU's athletics line-up in fall 2024.

In October 2024, WCU launched the "Greater Things" campaign, a far-reaching initiative to raise \$26.5 million over three years to enhance the Carey experience for current and future students. On the heels of this announcement, Carey hosted the 1st Annual Carey Carnival.

William Carey University received an anonymous \$1 million dollar gift in December 2024 to establish the Thomas J. Richardson Endowed Chair. In February, WCU dedicated Fordham Place, townhouse-style residences for medical students.

In spring 2025, Dr. Cassandra Conner announced her retirement as vice president of WCU-Tradition Campus. Dr. Ladd Taylor, longtime vice president of Mississippi Gulf Coast Community College's Perkinson campus, took her place. Also that spring, the School of Nursing's Baton Rouge campus moved into a newly renovated, 7,475-square-foot facility on Corporate Boulevard.

Finally, WCU's Baptist Student Union will send student missionaries this year, and every year, to spread the good word to people in the United States and throughout the world. Many academic departments also make mission trips to domestic and international destinations.

GENERAL UNDERGRADUATE DEGREE REQUIREMENTS

William Carey University offers eight undergraduate degrees: Bachelor of Arts (B.A.), Bachelor of Fine Arts (B.F.A.), Bachelor of Science (B.S.), Bachelor of Music (B.M.), Bachelor of Science in Business (B.S.B.), Bachelor of Science in Nursing (B.S.N.), Bachelor of Applied Science (B.A.S.), and Bachelor of General Studies (B.G.S.).

All undergraduate degrees require the successful completion of at least 120-128 hours. An average grade of C (2.0) is required in the overall GPA, in the William Carey (WCU) GPA, and in the student's major GPA. This means that the number of quality points earned must be twice the number of hours attempted. Not more than eight hours of PEG activity credit may apply toward the degree.

A minimum of 25% of the course credit required for a degree and the last 32 hours (30 hours for degree requiring 120 hours) for any degree must be earned at William Carey University.

See the university undergraduate catalog for specific degree requirements and for additional academic requirements and regulations. Students are responsible for knowing and completing all the requirements for their degrees as outlined in the catalog.

Students planning to earn a professional license should see their respective department chairs and/or school dean.

DEGREE APPLICATIONS

A candidate for degree must apply for graduation. Deadlines are posted on the registrar's office academic calendar. Students are strongly encouraged to create a degree audit with their advisor at least two terms (mid-junior year) for undergraduate students and two terms for graduate students before their expected graduation. Students will request degree audit/application from their department/advisor, obtain the advisor's signature, and email the document to the Office of the Registrar at degreeapplications@wmcarey.edu.

The office of the registrar does not supply degree applications to students; they are given by their major advisor/department. Students are responsible for knowing and completing all the requirements for their degrees as outlined in the catalog.

GRADUATE DEGREES OFFERED

William Carey University offers graduate degrees in the following areas: Biomedical Science (M.B.S.), Business (M.B.A.), Counselor Education (M.S.), Counseling Psychology (M.S.), Criminal Justice (M.S.), Education (M.Ed., Ed.S., Ed.D., Ph.D.), English (M.A.), Health

Administration and Education (M.S., Ph.D.), Health Informatics and Information Management (M.S.), History (M.A.), Music (M.M., M.M.E., D.A.), Nursing (M.S.N., Ph.D.), Osteopathic Medicine (D.O.), Physical Therapy (D.P.T.), and Pharmacy (Pharm.D.)

See the university graduate catalog for information related to the graduate programs. The graduate catalog can be accessed at the university's website (www.wmcarey.edu). The Doctor of Osteopathic Medicine is described in a separate catalog which can be found at www.wmcarey.edu/com.

ATTENDANCE REGULATIONS

Students are expected to attend classes. Excessive absences may seriously affect the work of the whole class as well as that of the individual students who are absent. Undergraduate students must attend 75% of the class meetings in order to receive credit for the course. Graduate students must attend 80% of their classes. The total number of absences of each student shall be reported for each class by each faculty member at the time of filing semester grade reports.

Children are NOT PERMITTED to attend class with their parents. Children are NOT PERMITTED to remain outside the classroom either supervised or unsupervised while the parent attends class. Parents are responsible for making childcare arrangements for their children.

EXAMINATIONS, GRADES, AND QUALITY POINTS

Examinations are given during the last week of each semester.

- No final examination may be held at any other time than that designated by the administration. A final examination by special arrangement may be given only by permission of the associate provost for academic affairs.

Transcripts for those with a balance of \$500 or less will be sent but will not include the terms associated with the outstanding balance. Any balance more than \$500 will not be sent until the balance is satisfied.

Students may access their grades through the student portal.

Grades and quality Points per Semester Credit Hour

A	Excellent.....	4
B	Above average	3
C	Average.....	2
D	Below average	1
F	Failure.....	0
I	Incomplete.....	0
P	Pass.....	0
W	Course dropped in the first eight weeks of the semester	0

Note: There are no grades of "D" in graduate courses.

A grade of "I" (incomplete) will be assigned only when unavoidable circumstances prevent completion of the work of the course on schedule. When the work is completed satisfactorily, the "I" may be changed by the instructor. If a grade of "I" is not changed by the end of the next semester, it will automatically become an "F."

A junior or senior may take up to four courses on a pass/fail basis, but no more than one pass/fail course can be taken in a single semester. The course must be selected at the time of registration, and it cannot be in the core curriculum or in the student's major or minor fields.

REPEATING COURSES

The first 18 hours of repeated courses, including those transferred and those taken at WCU, will count as grade replacements and will not count in the grade point average. Thereafter, all grades will be counted in the grade point average.

COMPUTATION OF GRADES

Grade point averages are based on the number of hours attempted in the GPA rather than the number of hours passed. This will include all hours attempted at William Carey University and all transfer credits. Grades of "I" (current) and "W," will not be counted in the total hours attempted. Also, for a course that is repeated, the most recent grade for the course will be counted in the hours attempted.

Example of grade computation. At the end of each term's entry on the transcript are found notations for that term and also cumulative information giving the attempted hours (ATT), earned hours (ERN), hours (HRS), quality points (PTS), and grade point average (GPA). To calculate the GPA, divide the number of quality points (PTS) by the number of hours (HRS). For example, someone taking 4 courses for 3 credit hours each, with grades (and quality points) of A (12 pts.), B (9 pts.), C (6 pts.), and F (0pts.) would have the following notations (based on 27 pts./12 hrs. = 2.25 GPA):

	ATT	ERN	HRS	PTS	GPA
Term:	12	9	12	27	2.25

ACADEMIC INTEGRITY

William Carey University seeks to create an environment that encourages continued growth of moral and ethical values, including personal honesty and mutual trust. The university places high value on academic integrity and regards any act of academic dishonesty, including plagiarism, as a serious offense. Academic dishonesty is considered unethical and in violation of William Carey University's academic standards and Christian commitment.

Academic Honor Pledge

All students at William Carey University are bound by this pledge:

I promise or affirm that I will not at any time be involved in cheating, plagiarism, fabrication, or any other acts of academic dishonesty as defined by university policy which explains the disciplinary procedure resulting from violations of academic integrity. I understand that violation of this code will result in penalties, which could include suspension or dismissal from the university.

The academic integrity policy is found at the back of this handbook in Appendix A.

CHANGE OF CLASS SCHEDULE (Dropping and Adding Courses)

- Schedule changes, either in dropping a course or adding a course, should be made in consultation with the student's academic advisor. Schedule changes that affect total hours may impact financial aid. Schedule changes require completion of the drop/add procedure in the student portal. Students who register for classes online are allowed to make schedule changes online during specified registration periods.
- No student may register for a course after 10% of class meetings have occurred.
- Ten-week courses dropped within the first five weeks of a semester will be recorded as "W" (withdrawn). Courses dropped after the midterm will receive a grade of "F."
- Courses offered in Term I, Term II, J-Term, May term, and/or intensive courses will have add/drop dates proportionate to the length of the course.
- For related fees/refunds, see Financial Information—Student Expenses and Tuition Refund Policy located on the university website under the student accounts link.

WITHDRAWAL FROM THE UNIVERSITY

- All students who desire to withdraw from the university must file a Withdrawal Request in the student portal. Residential students must also obtain permission of the vice president of student affairs.
- Refunds upon withdrawal will be made only on condition that official permission has been granted. (See Tuition Refund Policy.)

TRANSCRIPTS

The William Carey University transcript is the official documentation of a student's permanent academic record validated with the university seal, facsimile signature of the registrar, and date of issue. A key to the transcript is included, which contains a full statement of pertinent definitions.

The Family Education Rights and Privacy Act of 1974, (FERPA), protects student rights regarding educational records maintained by educational institutions. In accordance with FERPA, WCU will not release official transcript information regarding any student without the consent of the student.

Students with an administrative hold or financial obligation to the university will not be able to obtain an official transcript until the holds are cleared. Transcript requests will be voided, and requests will need to be resubmitted.

William Carey University has partnered with Parchment to order and send transcripts and other credentials securely. Current and former William Carey University students may order transcripts online via the registrar's website for easier account setup. Transcript requests are normally processed within five business days of receiving the request, provided all information is correct and holds are cleared.

Institutions and agencies affiliated with Parchment Network may accept emailed transcripts as official records when submitted directly from WCU.

Transcript request instructions from Parchment may be found on the registrar's webpage via the link to Request Transcripts. Transcripts are \$10.75 per copy. Students who have access to their student portal may view and print an unofficial transcript at no charge.

Updates as transcripts are processed are made in student Parchment Accounts. Updates include transcripts being processed, sent, and received at its destination. Please refer to your

Parchment account for the status of your request. Your Parchment account will post updates regarding the status of your request.

ACADEMIC STANDING AND SATISFACTORY ACADEMIC PROGRESS

Academic standing will be determined at the end of each semester, and satisfactory academic progress for financial aid will be determined at the end of each term by a committee that includes representation from academics, financial aid, registrar, student affairs, and student accounts. Notification of academic standing will be made through the Indigo student portal. Suspension appeals will be decided by the associate provost for academic affairs.

Academic Standing Categories

Students not meeting the minimum cumulative GPA for good standing will be assigned one of the following designations:

- **Warning** – Upon initially failing to achieve good standing, the student is placed on warning and is limited to a load of 10 hours for the subsequent semester.
- **Probation** – After being on warning during the previous semester, a student who fails to achieve good standing is placed on probation and is limited to a load of 10 hours for the subsequent semester.
- **Suspension** – After being on warning and then probation, a student who fails to either achieve good standing or to make satisfactory progress toward good standing is placed on suspension. Students placed on suspension may appeal the suspension to the associate provost for academic affairs. If the appeal is granted, the student may continue to attend on probation. If the appeal is denied, the student may apply for readmission after one semester.
- **Dismissal** – After being suspended and either appealing and being allowed to continue on probation or after being readmitted following a semester when not enrolled due to suspension, a student who either fails to achieve good standing or to make satisfactory progress toward good standing is dismissed. There is no appeal for dismissal. After one year, a dismissed student may apply for readmission.
- **Final Dismissal** – After being readmitted after having been dismissed, a student who fails either to achieve good standing or to make satisfactory progress toward good standing is dismissed, without the possibility of either appeal or readmission.

GRADE APPEALS

A student who believes that a final course grade is unfairly or incorrectly determined and who wishes to appeal the grade should submit a Form for Grade Appeal to the appropriate office. The form and instructions for grade appeal are available on the university website.

The form is used to guide the grade appeal process through successive reviews, as needed. The appeal may be resolved at any level or withdrawn by the student at any time.

The appeal must be initiated prior to the end of the second week (10 business days) of the subsequent term following the term of the course grade being appealed.

This procedure and deadline is to be followed for all grade changes, including changes to “W.”

Failure to carefully follow the instructions included with the Form for Grade Appeal may invalidate the student's right to appeal. This procedure applies to all undergraduate students except nursing students. The School of Nursing has its own grievance process, which must be used for any grade appeals of nursing courses.

BUSINESS OFFICE

The business office offers assistance to students needing advice concerning their financial obligations to the university. Information relating to tuition, fees, room and board, terms of payment and withdrawal/drop policies is listed in the "Financial Information" section of the university catalog. Business office policies can also be found on the website at wmcarey.edu under the *Student Accounts* link.

Student statements will not be mailed but will be available online via the Indigo student portal. A statement can be printed from the Indigo student portal, or the student may request a copy in the business office. Throughout the semester, the business office will send billing notifications to each student's WCU email address. Upon notification, the student is responsible for accessing his/her statement.

FINANCIAL AID

The Office of Financial Aid assists students in finding the means to pay for their educational expenses. WCU participates in all applicable federal and state programs and offers a wide range of scholarships for the first bachelor's degree. Academic scholarships are based on ACT/SAT scores for incoming freshmen and an entry cumulative GPA for transfer students (with at least 12 hours of college work). WCU offers talent scholarships in areas such as music, speech and debate, journalism, theatre, and art, along with athletic scholarships in 14 different sports. Church Related Vocations (CRV) and Mission Related Vocation (MRV) scholarships are available to Southern Baptist students who have made a public commitment to ministry. Students can apply for endowed and restricted scholarships between January 1 and April 1 and can reapply before February 14 of each year. Add-on scholarships are available to incoming freshmen who have an ACT score of 20+ or an SAT score of 1,030+ and who meet the additional criteria for each add-on scholarship. Transfer students may qualify for add-on scholarships with an entry cumulative GPA of 2.50+ and who meet the additional criteria for each add-on scholarship. Otherwise, it is the policy of the university not to stack scholarships.

The office of financial aid handles all matters related to financial assistance. Any student receiving all F's or I's in any semester will lose all institutional scholarship aid for the next term of attendance.

All students who receive any form of institutional financial assistance must maintain a passing grade for chapel in order to continue receiving assistance. Students receiving scholarships, grants, work study, or other forms of financial aid are expected to conform to behavior and lifestyles that are consistent with a Christian institution as defined by the *Baptist Faith and Message*. Students who engage in behaviors that do not conform to this expectation, on or off campus, may have their scholarships revoked.

Emergency Warnings and Hazardous Weather Procedures

William Carey University utilizes two different systems for notification of impending emergency situations and hazardous conditions. The primary emergency notification system is known as SaderWatch. In the event of an emergency, a text message will be sent to the mobile number and/or email registered with the system. This is a free service provided by WCU; however, normal text message fees may apply. To register for alerts, visit the website <http://wmcarey.edu/saderwatch>. All students are automatically enrolled in SaderWatch to receive e-mail alerts to student e-mail accounts. To manage your preferences, including adding text alerts, visit <http://wmcarey.edu/saderwatch>. The university will also send alerts through the ALERTUS system, which sends alerts to alert beacons, university computers, and university telephones.

Announcements and other information regarding WCU operations will be provided by the institution and/or media outlets should it be necessary. The institution will maintain close contact with local law enforcement and civil defense agencies. Only under emergency or threatening conditions will the university be closed during normal operating hours.

The administrative dean for the Tradition campus will make the initial call for that campus location.

In addition, for the Hattiesburg campus, Carey's ALERT siren and public address system can be activated to alert members of the university community of an imminent threat to public safety. The emergency siren is a 25-second signal that is intended to immediately get the attention of members of the WCU community. When students, staff, and visitors hear this siren, they should immediately try to seek shelter in a secure location and follow any verbal instructions that may accompany this alarm.

TORNADOES AND HURRICANES

All faculty, staff, and students will be alerted as to the emergency situation by SaderWatch, Emergency Siren, and by word of mouth. Upon notification of a tornado warning for the immediate area, all students and university personnel should go immediately to an interior room or hallway, stay away from glassed areas, and remain until the alert is lifted. Security and SaderWatch will be responsible for notifying persons on campus of warnings that occur in the evening or on weekends. Upon notification of a threat, residential staff will follow outlined procedures for student housing.

In the event of a hurricane threat to Mississippi, the Office of the President will make the official call for continued operation or closing of the university. Detailed hurricane procedures are available for each campus location. Should the university officially close because of a hurricane, notification of re-openings will be conducted via the website www.wmcarey.edu, local media, or by telephoning 1-800-962-5991. No structures on William Carey's campus are approved Red Cross shelters; therefore, no one will be allowed to remain on campus.

Residential students on the Hattiesburg campus will follow specific evacuation guidelines outlined through the housing office.

FLOODING

In the case of heavy rain that results in flooding, students and personnel will be instructed to evacuate buildings that are flooded until facilities and campus security approve re-entry. No one should wade or play in flooded areas.

The safety of all William Carey students, faculty, and staff is the utmost concern of the administration.

If false or inaccurate information is provided at any step, then the charter will be canceled.

Annual renewal for student organizations—Student organizations at William Carey must submit a renewal application annually. The renewal application requires the organization to provide an accurate account of organization sponsors, presidents, student members, and community service projects completed for the year. Failure to submit the renewal application or falsifying information on the renewal application will result in a one- semester probation for the student organization. During the probation, the organization will not be permitted to participate in or host fundraisers or events.

Sponsors—Student organizations at William Carey must have one or more faculty/staff sponsors. The sponsor(s) must agree, at minimum, to attend meetings and support club leadership, supervise activities, and guide/mentor student members.

Presidents Round Table —PRT meetings are held once per month to provide a platform for organization leaders to discuss upcoming events and express concerns on campus. Each organization is required to send one representative to these meetings. Noncompliance with this policy will result in the following penalties:

- First offense: No fundraisers for 10 weeks.
- Second offense: No events for 10 weeks.
- Third offense: Removal of the charter by the SGA.

All previously scheduled fundraisers or events occurring during the probationary period must be canceled or rescheduled.

Student activities calendar — All student activities, regardless of the group, must be placed in the master student activities calendar each year. These calendars will be distributed the first week of school. Items for the calendar must be submitted to the director of student activities by the announced spring deadline. Noncompliance with this policy may result in unavailable facility services.

Organization Community Service Form—Active student organizations at William Carey will be required to report each community service activity by turning in the community service form found in the student activities office. This will allow the student activities office to document all community service events performed by student organizations in an effort to ensure that each organization is fulfilling all community service requirements.

Fundraisers—Student organizations at William Carey may host fundraisers throughout the year to support their organization, their community service activities, or to fund future events. To host a fundraiser, follow the procedure:

Priority submissions: Identify the fundraiser as one of your organization's events to be included on the student activities calendar.

An activity request form, available in the student activities office, must be submitted at least two weeks prior to the event. Noncompliance may result in unavailable facilities and food services.

General submissions: Submit the fundraiser form, available online at William Carey University's Student Activities page, to the director of student activities.

The application must be submitted at least two weeks prior to the fundraiser, as the application will require approval from the director of student activities, SGA, and the dean of students.

Approval will only be granted if the student organization is in good standing with the university.

Facilities setup, food services, and audio services are subject to availability.

For on-campus fundraisers that support an organization's annual budget, the following conditions apply:

Only two fundraisers per organization will be approved per month, and those fundraisers must occur on alternating weeks.

100% of the profit must be used to fulfill the mission of an organization.

Precedence goes to fundraisers submitted by the priority deadline and included on the student activities calendar.

For on-campus fundraisers that collect donations, the following conditions apply:

Only one fundraiser will be approved per week.

Organizations may only host one per month.

First come, first served

For off-campus fundraisers, there are no conditions specific to the frequency of fundraisers permitted.

Requirements for hosting an event or fundraiser on campus—Organizations that wish to schedule any event or fundraiser during the school year must follow appropriate procedures to get their events on the master calendar.

Fill out an activity request form for every event.

Facilities setup, food services, and the student conference sound room.

Submit packet by deadline established by student activities.

New events not on master calendar must be approved by the student activities office. Fill out activity request form at least two weeks before the event.

Noncompliance may result in unavailable facility services. The activity request form is available in the student activities office, located in the student center.

Annual membership lists—Tracking student involvement is very important to each organization, student activities, and the university. Each organization will be required to submit a membership list along with membership fee and coverage period each semester to the director of student activities on a specified date.

Financial requirements for student organizations—All student organizations with established revenue from membership dues, fundraisers, etc., must obtain and keep accurate an account in the name of the student organization through the university business office. No off-campus accounts are allowed.

Organization accountability—All student organizations are expected to act in accordance with WCU policies and mission. As the overseer of student organizations on the campuses of William Carey University, the director of student activities, dean of students, and the vice president for student affairs may request a committee review of a student organization. An organization found acting against the policies and mission set forth by the university will be addressed by the director of student activities, dean of students, and the vice president for student affairs.

Entertainment and activities, whether hosted on or off campus, should coincide with the mission and purpose of William Carey University. All William Carey University policies apply to organizations and all events, including:

- Any social function must be cleared on the university calendar of activities through the office of student affairs/student activities.
- A faculty or staff member must be present for the duration of the event.
- Each person present at a function must adhere to the rules and standards of the university.
- No alcoholic beverages, tobacco, or illegal drugs are allowed at any university activity on or off campus.

STUDENT HONORS AND AWARDS

Outstanding undergraduate students are honored by the university and recognized at the annual Honors Day Convocation. Student-elected honors are chosen by the student body at-large, while university awards are chosen by faculty committee selection. All students honored must have passing grades in chapel for the current year.

Academic Area Award—Faculty selected awards are presented to students in each academic area and are announced at the Honors Ceremony.

Beauties and Beaus—Elected campus-wide annually, one man and one woman shall be chosen from each class to be honored as campus beau and beauty. The students must have a passing average in chapel in the school year in which they are elected.

Favorites—Each year, students vote on a man and woman from each class to be honored as Class Favorites. The students nominated must have a passing average in chapel in the school year in which they are elected.

Homecoming Queen—Selected by students in a spring campus-wide election, the queen presides over homecoming activities surrounded by maids from each class. Two freshmen, two sophomores, two juniors, and three seniors are elected each year with one of the senior maids becoming homecoming queen. These students must have a passing average in chapel in the school year in which they are elected.

Jenkins-Chastain Award—Established in 1957, the Jenkins-Chastain Award serves as the university's highest honor. Selected in the spring by a faculty committee, it recognizes men and women who exemplify outstanding character, scholarship, leadership, and service. Traditionally, this award is presented to one or more graduating seniors.

Leadership Award—The student life committee selects one senior student who best demonstrated and practiced leadership potential in all phases of college life. The honor is then announced at Honors Day Convocation.

Mr. and Miss William Carey University—Reserved for the undergraduate senior man and woman who best represent the ideals of William Carey University. This is the highest elected honor of the student body. Nominated by the faculty/staff, this award is elected by the student body. The students nominated must be graduating seniors, and they must have a passing average in chapel in the school year in which they are nominated.

Scholarship Award—In recognition of high academic standards, the university honors at commencement the senior graduating first in the class.

STUDENT AND OTHER CAMPUS PUBLICATIONS

Student publications include *The Crusader* (yearbook) and *The Indigo* (literary journal). *The Crusader* is funded by the university, supervised by the mass communications faculty, and governed by the university's general policies on student publications. *The Indigo* is produced through the language and literature department and is funded in part by sales of the journal. A complete description of the policy governing student publications is available in the office of student affairs in Hattiesburg or the vice president of the Tradition campus.

Student publications and other campus publications include the following:

The Crusader — *The Crusader* yearbook is published annually by a staff of volunteer students. Scholarships are available for the editor and co-editor position. Advisor is appointed by the president of the university.

The Indigo — *The Indigo* is a collection of literary works written by students and staff, published annually.

The Translation —*The Translation*, the student handbook, is published annually and distributed at the beginning of each academic year. All students have access to *The Translation* on the university's website.

The Carey Call (Hattiesburg)—*The Carey Call* is distributed by email weekly as a chapel program and news bulletin. Anyone interested in placing an announcement in the *Carey Call* should email the announcement to btillery@wmcarey.edu by noon on the Tuesday preceding chapel. All announcements should relate specifically to the activities of William Carey University.

Student Activities Calendar—The student activities calendar is published annually and distributed at the beginning of each academic year.

Any publication associated with or made on behalf of William Carey University must be in keeping with the Mission Statement. Examples include, but are not limited to, social media accounts and posts, flyers, program content, or printed material.

MASTER CAMPUS CALENDAR AND ROOM RESERVATIONS

Students may request to reserve a space for a meeting or activity by contacting the office of student activities (Hattiesburg) at 601-318-6444 or the office of student services (Tradition) at 228-702-1783.

SPIRITUAL LIFE

As a Christian institution, William Carey University considers a student's spiritual growth and enrichment a primary responsibility. Many events are planned for the personal benefit of the student. The student is encouraged to take the initiative to become involved and profit from such. Spiritual Emphasis Week, Missions Week, chapel services, and other special events comprise a large part of the spiritual atmosphere at the university. Organizations such as the Baptist Student Union and the Church-Related Vocations Fellowship work to promote the ideals of Christian service in all areas.

The Baptist Student Union, under the supervision of the BSU director and staff, is a student-led organization that seeks to lead the university campus to know Jesus Christ, to grow in faith and compassion, and to go make disciples. The BSU seeks to provide opportunities for fellowship, Christian growth, and service by conducting weekly gatherings, ministry opportunities, retreats, and Bible studies.

Ministries include summer mission appointments, annual mission trips, and local community mission projects. The BSU is an open fellowship to students of all denominational backgrounds.

The **Church-Related Vocations Fellowship** (Hattiesburg campus) meets each month for fellowship and dialogue. It is open to all students considering a career in any area of church vocation including pastor, church staff, missionaries, chaplains, and student workers.

Fellowship of Christian Athletes is a student-led organization focusing on spiritual growth of all students. FCA works to serve local communities by equipping, empowering, and encouraging people to make a difference for Christ. The organization holds regular Bible studies and athletic/social events throughout the year.

Other important events include the William Carey Lecture series, which focuses campus attention on missions, and the Christian Leadership Lectures.

CHAPEL

Chapel is held in the Thomas Fine Arts Auditorium on the Hattiesburg campus from 9:25–10:05 a.m. every Wednesday morning during the fall, winter, and spring trimesters unless a special convocation is scheduled on a Monday.

The purpose of chapel is to provide, through the regular assembly of the entire university, an opportunity for worship and inspiration, for learning in an inspirational context, and to help build a sense of community. Therefore, all William Carey undergraduate students are expected to attend chapel. Commuting students who do not have class on Wednesday mornings may request an exemption for the semester.

All undergraduate students who live on campus and commuting students who have a Wednesday morning class will automatically be enrolled for chapel.

Students who receive institutional scholarship, work study, participate in athletics, theatre, forensics, musical ensembles, campus honor organizations, officers of campus clubs, or who represent the university in any capacity are required to pass chapel each semester. In order to be chosen for any university honor or to be recommended by the university for licensure, certification or for graduate school admissions a student must maintain a passing average for chapel. In order to receive a passing grade, a student must attend seven chapel programs each semester. Opening Convocation, Christmas Vespers, and Honors Day Convocation require mandatory attendance.

Chapel is held on the Tradition campus on Mondays at 11:30 a.m.

Chapel Regulations—On the Hattiesburg campus, your student ID will be used to verify your attendance. Once your student ID is scanned, stay in the auditorium until the completion of chapel. If you have an emergency, a main-door attendant will hold your student ID until you return. Attendance will not be recorded after 9:35 a.m.

Any student who is tardy due to being detained in class should follow these procedures:

- Attend the chapel program.
- Notify the department of Christian studies office (Lawrence Rm. 112A) of his/her attendance **immediately** after the conclusion of the chapel program.
- Present a written excuse (email is acceptable) from the professor to the Cooper School of Missions and Ministry (cooperschool@wmcarey.edu) by 4:00 p.m. Friday of that same week.

Chapel Attendance Exemptions—Requests for exemptions from the chapel requirement may be made by completing an exemption request form available in the Hattiesburg campus' department of Christian studies, Room 112A in Lawrence Hall. Students may be exempted from chapel attendance requirements for reasons of employment, student teaching, off-campus internships or practicums, or nursing clinicals. Groups who participate in extracurricular activities or varsity sports and who must be absent from chapel because of these activities must have their sponsor submit their names to the Cooper School of Missions and Ministry (cooperschool@wmcarey.edu). Such excused absences will not alleviate the student's responsibility in attending the required number of chapel programs in order to pass chapel, unless such excused absences prohibit the student from attending the required number of chapel programs in order to pass.

CULTURAL EVENTS

In addition to those that are planned as auxiliaries to academic classes, a number of cultural activities are available for student development.

The School of Music sponsors special music programs and recitals throughout the academic year.

Three theatrical productions are featured by the theatre department each year plus a series of one-act plays, and two dinner theatre productions in the summer.

The Lucile Parker Gallery, located in the Asbury Academic Building on the Hattiesburg campus, is named after the nationally known artist and former Carey instructor. It features a collection of paintings in oil and pastels, drawings in pen and ink, and watercolors of wildflowers, portraits, and abstracts by Ms. Parker. The gallery also houses the Larry H. Day Collection and the William Carey Collection. Other works are exhibited on a regular basis. The gallery is open Tuesday-Friday, 1:00-4:00 p.m., except during university holidays.

The Sarah Ellen Gillespie Museum of Art houses more than 600 works by Mississippi artists collected by Ms. Gillespie over six decades. It is the most complete collection in existence of 20th century art works by Mississippians. The museum hosts special exhibits and related cultural programming. The museum is open Monday-Friday, 1:00-4:00 p.m., except during university holidays.

The Center for the Life and Work of William Carey, D.D. (1761-1834), located in Donnell Hall on the Hattiesburg campus, is a museum and research facility which houses a collection of artifacts from and about the British cobbler, botanist, and linguist who is known as the "Father of Modern Missions" for his work in India. William Carey is also the university's namesake. The museum is open Monday-Friday from 1:00-5:00 p.m., except during university holidays.

The Clarence Dickinson Collection is housed in the I. E. Rouse Library on the Hattiesburg campus. Named for the "Father of American Church Music," Clarence Dickinson (1873-1969), the collection contains over 5,000 books, including many rare hymnals and psalters, scores, manuscripts, recordings, an antique piano, and memorabilia relating to the history of hymnology. The collection may be viewed by appointment by calling 601-318-6169.

ATHLETICS

The intercollegiate athletic program consistently produces nationally ranked teams in several sports. These athletic teams are a focal point for school spirit and provide students with an excellent opportunity for sports entertainment.

The university fields men's and women's teams on the Hattiesburg campus, including intercollegiate baseball (M), basketball (M & W), cross country (M & W), fast-pitch softball (W), golf (M & W), soccer (M & W), swimming (M & W), tennis (M & W), indoor and outdoor track and field (M & W), volleyball and beach volleyball (W). Co-ed sports include archery and competitive cheer. The athletic program is a highly respected member of the National Association of Intercollegiate Athletics (NAIA). The institution is a member of the Southern States Athletic Conference (SSAC). Other SSAC institutions are located in Mississippi, Louisiana, Alabama, Georgia, and Tennessee.

Students should present their identification cards for free entrance to regularly scheduled games and matches.

ATHLETIC TEAM NAME

When Mississippi Woman's College became co-educational and started competitive athletic teams, the name "Crusader" was chosen. In modern parlance, a crusader is one who is dedicated to a worthy cause, who is committed to achieving a goal, and upholds the highest standards of integrity and character. Should a military image be involved, it is a spiritual one as described in Eph. 6:10-17—truth, righteousness, peace, faith, salvation, and the Word of God.

INTRAMURAL SPORTS

Individual and team sports such as softball, soccer, volleyball, ultimate frisbee, flag football, tennis, basketball, dodge ball, kickball, badminton, 3 v 3 basketball, home run derby, free throw contest, 3-point competition, sports trivia bowl, pool and ping pong tournaments, laser tag and bowling nights are offered throughout the year under the direction of student activities. Rules and entry forms may be obtained from the coordinator of intramural sports or online at imleagues.com/wmcarey.edu. See Appendix B at the back of this handbook for intramurals rules and regulations.

The William Carey intramural sports staff invites you to participate in an action-packed competitive intramural sports program. More than 20 activities and events are offered, featuring team and individual/dual competition. The goals of intramural sports are to be as diverse as possible and to offer each student the opportunity to participate, regardless of ability.

Residence Life and Housing

Hattiesburg: King Student Center, Room 305, ext. 6102, or 6214

Purpose and Philosophy—Campus living areas are designed to support the educational mission of the university by providing convenient, comfortable, and affordable residences in a living-and-learning environment. Living on campus provides an increased opportunity for developing better student relationships, encourages the exchange of cultural and intellectual thought, and promotes an environment for living and learning as part of the overall educational mission of the university.

HATTIESBURG CAMPUS

All full-time undergraduate students are required to live on campus with board unless they meet one of the following criteria: age 21, commute from home of parents (within a 50-mile radius), are married, or have children. Resident Hall students who turn 21 during the academic term in which they wish to live off campus, have senior classification, and are in good standing with the university may apply to live off campus. Any unmarried student under age 21 living off-campus without official approval will be required to pay full room and board charges for the semester in which the violation occurs. Students who are on scholarship and either choose to move off campus or are required to move off campus for disciplinary reasons, will have financial aid reduction.

All residential students must make room reservations prior to each semester. A one time \$150 housing prepayment fee is required of all new campus residents.

The university reserves the right to inspect rooms and to move any student to another assignment for reasons of space management or for the maintenance of order.

All F-1 international students must enroll in a full course of study each academic term for a minimum of 12 credit hours. Only one online course per academic term, for a total of three credit hours, may be delivered in an online format. Online courses are noted with an “E” following the section number in the course description. All other courses that count toward the full course of study must be delivered in an in-person or hybrid format that requires a face-to-face component.

SUMMER HOUSING POLICY

Student housing may not always be available during summer terms, since the majority of major repairs and renovations take place during the summer. If housing is available, students may elect to live on or off campus. All students who choose to live on campus during the summer must participate in a campus meal plan. This includes Penton apartment residents.

RESIDENCE LIFE OFFICIALS

Supervision of the residence hall system is provided collectively by the vice president for student affairs, director of housing and residence life, area coordinators, resident directors, and the RA (resident assistant) staff. Operating under the jurisdiction of the university administration, hall directors and RA staff members are considered university officials and are vested with the level of authority necessary for supervising activities within their respective halls. Descriptions of each of the residence life official positions are as follows:

- **Director of Housing and Residence Life (HD):** (King Student Center, Room 305, ext. 6102) The senior administrator for residence life and housing; directly supervises hall directors and area coordinators; oversees all operations of residence life; plans, coordinates, and implements the overall program of resident education, RA recruitment, selection, and training; room reservations/ assignments; and other system-wide functions such as coordination of the opening and closing of the residence halls throughout the year. Makes recommendations concerning major maintenance and or equipment needs to the vice president for student affairs.
- **Area Coordinator (AC):** A mid-level administrator in housing and residence life who serves as director of one hall, and is responsible for all housing operations in a particular area of campus. Supervises RAs and RDs in their area of responsibility. Actively participates in RA recruitment, selection, and training. The area coordinator is responsible for many residence life functions, including communicating and enforcing university policy among campus residents, coordinating residence hall opening and closing, making room assignments and assisting the director of housing and residence life as needed.
- **Resident Director (RD):** The live-in advisor for a particular residence hall; directly supervises the RA staff of his/her hall; participates in process of RA recruitment, selection, and training; assists director of residence life with implementations of educational programming and room assignments; serves as advisor to Hall Council; makes work order requests for minor maintenance needs and recommends major maintenance and equipment needs to the director of residence life.
- **Resident Assistant (RA):** Serves as a peer advisor, student advocate, and administrative representative to students in his/her residence hall; remains available to assist students at all times; enforces university policies and individual hall regulations; conducts educational, and social programming for hall residents; provides a listening ear, offers encouraging words, and models good citizenship and scholarship.

HOUSING INFORMATION

Each resident is responsible for being aware of and abiding by the policies set forth in the student handbook. Policy information is expounded upon via the Residence Life and Housing Canvas Dashboard. Important housing updates and guidance are also released to the residential population via this channel. Each resident is asked to join or accept the invitation to join the current Residence Life and Housing Canvas Dashboard so that he/she is well informed on housing policies, procedures, housing dates and deadlines for hall closings and check out periods, announcement updates, etc. In particular, each resident is responsible for knowing the information on the following Residence Life and Housing Canvas Pages: General Timelines for Housing Processes and Events, Fire Safety & Preventions, Guidelines for On-campus Living, Reassignment and Housing Application Procedures, Mandatory Hall Meeting Dates, Hall Closing and Check-out Procedures.

RESIDENCE HALL PROGRAMMING

Residence halls are more than just a place to sleep. They are also centers for learning and socializing. Each hall is a small community in which the residents can have an active role in its growth and progress. The residence life staff in each hall assists students in planning and organizing activities and programs of common interest. Programming in residence halls is intended to help students grow and develop life skills that will assist them in college and beyond.

ROOM AND BUILDING DAMAGES

Damages caused by residents will be charged to their student account. Residents are encouraged to report accidental damages they caused to their room, its furnishings, or other areas of the residence hall to their resident assistant (RA) or their resident director (RD) so others will not be charged unfairly. Damage or neglect includes but is not limited to nail holes, cleanliness, furniture damage or loss, and similar offenses.

ROOM KEYS/LOST KEYS

A charge of \$50.00 is levied for a replacement key. Each time a student forgets his or her key, requiring the resident assistant or hall director to unlock the door, the incident will be documented by the housing staff. If a student is locked out three times or more, then a hearing with the area coordinator or director of housing will be conducted. A fee of \$10.00 will be charged for unlocking doors after midnight.

ROOM SEARCH (also see Room Inspection)

The vice president for student affairs or a designee may, at any time, conduct a room search for the following reasons: (a) in the event of an emergency; (b) health and safety concerns; (c) to retrieve missing or stolen property; (d) suspicion of violation of university policy.

ROOM AND BOARD REFUND POLICY

Students withdrawing from the university after the start of classes will not receive a refund for residence hall or board fees. Prepayments are returned in accordance with the agreements under which they are made.

ROOMMATES

Students may request other students as roommates. Efforts will be made to honor such requests; however, due to space limitations and other factors, requests may or may not be possible. Private rooms are available only if space allows and if an even number of students are requesting roommates. At the beginning of each term, students without roommates may choose one of three options: 1) move voluntarily into the room of another student who is without a roommate; 2) be assigned to the room of another student who is without a roommate; 3) pay the private room rate. Again, all room changes must take place with written permission from the director of residence life.

BEING A GOOD ROOMMATE

Living in a residence hall at William Carey University provides the opportunity for students to become involved in the total life of the university and to develop human relations skills essential for success in all areas of life. For many students, this will be their first experience of living in a small room with another person who is not an immediate family member and in sharing the life of a small community as an independent citizen.

Residence halls are, indeed, small closely-knit communities. It is important that students seek to establish positive rapport with their roommate and those living in close proximity as soon as possible after receiving their room assignment. These suggestions are intended to help you achieve those goals.

Above all others, three basic principles should govern the relationship roommates establish with each other:

- Roommates should be open and honest with each other. Small problems and points of conflict can become major issues if they are not resolved early. A healthy relationship is not one in which there are no problems, but one in which those problems can be discussed and resolved.

- Roommates should recognize that each is a unique person with his/her own likes and dislikes and accept those differences in each other. Neither should expect the other to conform totally to his/her lifestyle, but rather to seek to come to a common understanding in those areas where values and preferences differ.
- Roommates should acknowledge that each person has certain rights that should be honored. They should also understand that there are reciprocal responsibilities that accompany those rights. Residents must also understand that living in a residence hall community within the standards and values of the university place limitations on the individual rights of students.

Experience has shown that certain aspects of living with a roommate frequently can become points of conflict. In addition to simply getting to know your new roommate, you should be certain to discuss these sensitive topics and reach agreement on how you will handle each.

- **Sleeping habits.** In addition to the basic decision of the time each goes to bed and gets up, roommates should agree on the use of lights, computers and radios when the other person wishes to sleep.
- **Study habits.** Where and when does each person plan to study? How quiet does the room have to be?
- **Room cleanliness.** Student rooms can be found in conditions from complete clutter to perfect neatness. Roommates should agree on the condition they will maintain their room.
- **Music and TV tastes.** Preferences range widely on these items and roommates should agree on type, time and loudness of radios and TVs.
- **Food and snacks.** Roommates should talk about if they are willing to share or keep their own items.
- **Using each other's property.** Determine a mutual policy regarding the use of your and your roommate's personal property including everything from clothing to cars, what items are OK and which are strictly off limits. Do not go through your roommate's personal belongings (in their closet, desk, chest of drawers, etc.) without permission; respect their "turf" in the room you share.
- **Room decorations and furnishings.** Roommates should determine in advance which items each will bring and what type decorations are acceptable to both as the room is totally shared space. If you are in an apartment, do the same for the space that is shared by all roommates.
- **Guests in the room.** Some students value privacy more than others. Be sensitive to your roommate's wishes to have or not to have friends in the room. Talk about it in advance!

Always keep in mind that the resident assistants (RAs) are there to help you discuss these issues with your roommate. They are your resource!

The quality of the relationship you will have with your roommate is largely up to each of you to determine. Some specific suggestions have already been listed. Personal attitudes are very important also. Keep these additional helpful tips in mind as you and your roommate build your relationship:

- Never assume things. Always ask questions or permission before doing something with which your roommate might agree.

- Discuss your feelings and opinions openly and do not let small problems or disagreements become major issues before talking about them.
- Ask permission before using your roommate's personal property or before having friends in your room. Express appreciation when your roommate does you a favor.
- Avoid being judgmental. Recognize your roommate's right to be him/herself just as you expect to be allowed to be yourself.
- Be willing to compromise. A solution achieved by both parties reaching agreement is always better than when one decides over the other.
- Truly listen to your roommate and make sure you understand how he/she feels; listen as much as you speak.
- Be willing to talk to your RA or resident director when you need help or advice.

The skills, abilities and attitudes you develop in being a good roommate will have lifetime application. Give your best to this relationship and hopefully, you will have friendships you will value forever.

ROOM FURNISHINGS

Students must furnish their own linens, pillows, and, if desired, window curtains. Mini-blinds are furnished. Each student rooming in a university residence hall is responsible for the condition of his/her room, its furnishings, and the appearance of the residence hall in general. Charges will be made for damage or neglect of the furnishings, walls, ceilings, floors, windows, screens, and the hall doors of rooms, payable by the resident(s) of the rooms so damaged or neglected. Charges for the damages to the halls, lobbies, fixtures, etc. of any university residence will be pro-rated among the particular residents if individual responsibility for such damages cannot be established.

Furniture may not be arranged for use which is incompatible with its intended design. All original equipment (beds, chests, dressers, desks, etc.) must remain in the room. Students moving furniture out of the room will be fined. Furniture and appliances brought into the halls must be agreeable to all occupants of the room. Damage to university property will result in a fine equal to the cost of repairing or replacing the damaged property. Students may not bring in extra beds or construct loft beds.

The following items are not allowed inside the residence halls:

Candles, wax warmers, scented plug ins	Hot plates, crock pots, rice cookers
Lighters	Pets (except small aquarium fish in a 5-gallon or less tank)
Tampering with smoke detector	Liquid bleach
Extension Cords	Wireless router
Electric heaters	Alcohol, tobacco, drugs, and weapons are strictly prohibited.
Toaster	
Air fryer, George Foreman grills	

The university reserves the right to confiscate items that violate the residence hall guidelines for prohibited items. Items that require high amps or maintain a high temperature may be prohibited and not on this list. Please contact your RD or RA for any questions regarding items you can have in your residence hall room.

ROOM CHANGES

The director of housing will designate a “room change request week” each semester. Students wishing to change rooms and/or roommates may request via email to Residence Life Office requesting said room change. At no time including room-change week may residents change rooms without preapproval from either area coordinator or the director of housing. After this designated week, room changes will only be considered for very serious reasons. Any room change after this special day must be approved in writing by the director of housing.

To request a room change, students must email the Residence Life Office for approval. Students who move or exchange keys without permission will be subject to disciplinary action.

ROOMMATE CONFLICTS

Serious roommate conflicts are rare; however, such conflicts are the most often cited reason for requesting a room change. Conflict, however, is viewed not as a negative experience, but as an opportunity for learning. Rather than avoiding conflict, residents are encouraged to work through these situations in order to develop important life skills such as communication, conflict management, assertiveness and individual responsibility. Resident directors and the RA staff are available to assist residents as they work together on their differences. A room-change request will be considered after all parties have exhausted all attempts to reconcile differences.

CHECK-IN

Every resident is required to check in properly with a member of the housing staff. In general, every resident should review the Room Condition Report (RCR) in his/her room. You have 48 hours after checking in to adjust your Check-In RCR. Check-In RCRs must be signed within 48 hours after moving in. Students can only enter their response to RCR one time (agree or disagree with electronic signature). This process is managed online through the MyHousing (THDSS) portal.

CHECK-OUT

Every resident is required to check out properly with a member of the housing staff. The resident must have all of his/her belongings out of the room and clean the unit before an official check-out procedure begins. All keys must be returned at this assigned check-out time to avoid key replacement fines. During the check-out process, the resident assistant will check the room for cleanliness and damages and update the online RCR and Check-Out values accordingly. The resident has 48 hours after checking out to acknowledge or contest the Check-Out RCR. Check-out RCRs must be signed within 48 hours after moving out. Students can only enter their response to RCR one time (agree or disagree with electronic signature). Students must vacate and check-out of rooms by the housing closing time as announced (see Canvas Dashboard for details). Students who fail to follow this procedure completely will be charged \$100.00. Students who fail to return the room key will be charged \$50.00. Students who return the room key without checking out properly will be charged \$75.00. A minimum charge of \$50.00 per person will be assessed for room damages and rooms left uncleaned.

VACATION PERIODS

The residence halls and cafeteria may be closed at any time the university is not in official academic session. Because these breaks involve multiple weeks throughout the year, residents should make plans for alternative living arrangements during holidays and breaks. Examples of such holidays include (but are not limited to) Thanksgiving week, two weeks at Christmas, and spring break. Residence halls do not close during “one-day” holidays such as Good Friday, Labor Day, or semester breaks.

INTERIM HOUSING

Interim housing may be available during the academic year for the week-long break periods (Thanksgiving, Christmas, and spring break). Students with no history of financial or disciplinary problems who have no other housing alternatives may apply to live on campus during these time periods at a rate of \$65 per week. Application must be made at least one week in advance. Payment must accompany the application. Students may or may not be assigned to their regular room during the interim period.

GUESTS

Students may host overnight guests of the same sex, age 15 and older, by obtaining prior permission from the area coordinator for their area of campus. For the safety, security, and comfort of both guests and residents, no one under 15 is allowed in the residence halls at any time. Handbook regulations apply to all guests. Student hosts are responsible for the behavior of their guests. Guests must be registered in the residence life office (King Student Center, room 314) from 8 a.m. to 5 p.m. If permission to host a guest is made prior to 5 p.m., the rate is \$10 per night. Requests made after 5 p.m. may be made in the host's residence hall and will carry a \$15 per night charge. Receipts serve as a “pass” for guests and may be required for admission to campus. Requests made after 10 p.m. will be denied. Guests are limited to spending three nights total per semester on campus (in any room). Carey students may host no more than three guests per semester. Students hosting unauthorized guests will be subject to disciplinary action, and guests will be asked to leave campus immediately. Any unregistered guest is required to be off campus by midnight.

HALL VISITATION

Residence halls are designated as single-gender facilities. As such, visitation is permitted ONLY in the lobby of the hall between the hours of 8 a.m.–12 midnight daily. Visits outside of these times must be cleared by the hall director. Visitation in individual rooms and apartments will be allowed on a weekly basis in each residence hall. Each residence hall will have two nights of visitation (one night being Saturday) two weeks each month. The specific nights will be determined by the hall staff at the start of each term. All visitors must check in with the housing staff in the lobby and sign the visitation contract. Failure to do so will result in progressive disciplinary action.

VISITATION IN PENTON APARTMENTS

Penton's residents are not allowed to have anyone of the opposite gender visiting them at the apartments. Females are not allowed to congregate outside of the Penton apartments, including the parking area, at any time. Penton's residents who would like to visit someone of the opposite gender may do so inside the gates of the main campus.

ROOM INSPECTION

University administrators and the residence life staff reserve the right to inspect student rooms at any time for any reason, to include maintenance, health, safety, or fire reasons. Regular weekly inspection for cleanliness and orderliness will be conducted by RA staff members.

Citations are issued to students who fail to meet inspection standards. Repeated citations may result in more severe penalties. Sweeping or placing debris out of the room and into the hallways will result in an automatic failure of room inspection. Students are responsible not only for the conditions of their individual rooms, but collectively, as a floor unit, must not abuse the privilege of professional housekeeping services by excessive or improper use of common areas. Students are responsible for maintaining the cleanliness of their room to include closets, window, AC unit, floors, etc.

HOUSING/AUTOMOBILE SEARCH

William Carey University reserves the right to enter into any university owned housing, or any student's automobile that is on campus, whether or not the student is a boarding student, with or without the student's presence, with the reasonable belief that a Federal/State law or university policy has been violated. The search must be made by two or more university officials or security officers. Any evidence related to a violation of any law or university policy that is found in such searches may be seized. In the event that any items are seized, an itemized list of such items will be prepared at the conclusion of the search and signed by all officials present and a copy provided to the student.

PENTON APARTMENTS AND TOWNHOMES CLEANING

It is the responsibility of Penton Apartment and townhomes residents to assure the cleanliness of their apartments (bathrooms, fixtures, and appliances) are maintained per the university's standards. Additionally, apartment residents must regularly dust baseboards and vacuum carpets. Air filters, light bulbs, and smoke detector batteries will be replaced by facilities personnel unless abuse is taking place. Penton Apartment residents will be assessed for abuse or neglect of apartment furniture and furnishings.

RESIDENCE HALL MEETINGS

Attendance at all residence hall and floor meetings is required. A minimum 24-hour notice will be given for all meetings. A fine of \$15 will be levied for missing a meeting. Any student who needs to be excused from a floor or hall meeting must notify the resident director prior to the meeting. Only in cases of extreme circumstances will students be excused from residence hall meetings. Students who have an assigned room but do not actively live on campus must complete a form with the director of residence life in order to be exempt from meetings.

Emergency Examples

Flooding
Total power outage
Low/dead lock battery
Air conditioner not working
Broken window
Broken railing

Water too hot/too cold
All other safety and security issues

We believe that neighborly concern and open communication are foundational parts of building a strong, viable community. We'd really appreciate you reporting anything you hear or see that impacts Sader community health and safety and/or facility maintenance. If you see anything in your community or room that requires the attention of our maintenance staff, then please let us know.

Submit all of your **NON-EMERGENCY** maintenance requests via your MYHousing Portal in The Housing Director (THDSS). Be sure to include details:

1. Be specific and give details of the problem:
 - What's wrong, where exactly in the unit is the problem;
 - Is the problem ongoing or just happens sometimes (i.e. noise from the ac unit);
 - Does the problem affect the whole room or just one side (i.e. outlets not working)
2. It helps if you can send a picture to document the issue after you have submitted your issue via THDSS. Email pictures to housingmaintenance@wmcarey.edu.

EMERGENCY EVACUATION

These procedures should be observed for your own safety and protection. Be certain your roommates and your guests know what to do if an emergency arises. The evacuation routes posted on your floor should be used, if at all possible, in the event of an actual emergency.

If your normal evacuation route is not passable during an actual emergency, use the best exit available. If you need to report an emergency, contact your resident director, resident assistant, security (601-318-6300) or (601) 318-6102.

When the alarm sounds...

Leave immediately, no matter what you are doing! Leave your valuables, clothes, etc., in the room. If you don't, it may be too late for you to get out of the building. It is your responsibility to evacuate the building.

Walk out exit

1. Walk, don't run or stampede.
2. Watch out for other students in the hallways and on stairways.
3. Don't cause a jam and possible injury to fellow students.

In case of fire...

1. Feel the door and observe cracks around the door. If the door is hot or there is smoke, *do not open the door*.
 - A. Under these conditions, stuff the cracks around the door and open your window.
 - B. If the window is too high for a safe exit, stay by the window and wait for a fireman to bring a ladder. Raise blinds and turn on the lights so that firefighters can see into your room.
2. If the door is not warm, open it cautiously, checking both for smoke and noxious fumes. If the hall is clear, proceed to the nearest fire exit. Wear shoes and a coat. Carry a towel or coat to protect your face from flames or smoke.
3. If you find yourself in a hallway suddenly enveloped by smoke or fumes, the safest spot is close to the floor and against the wall. Cover nose and mouth and proceed to exit.

Do not try to locate or fight fire when the alarm sounds...

1. By this time, it is usually too late to do any good, and you could be trapped inside.
2. If you are not near your assigned exit, leave through the nearest safe exit and report to your designated area outside the building for roll call. It is your responsibility to see that your presence is recorded.
3. Remain at your assigned evacuation meeting place until you are given further instructions.

The following statements of prohibited conduct are not exclusive but are intended to give a student an idea of the types of behavior that may result in disciplinary action.

- **Abuse.** Physical abuse, verbal abuse, threats, intimidation, harassment, coercion, and/or other conduct which threatens or endangers the health or safety of any person is prohibited.

Possession shall be defined to include the presence of alcohol or illegal drugs in the student's university residence or automobile. The prohibition against the use, possession, or distribution of alcohol and illegal drugs shall include the possession of alcohol containers, promotional literature and/or drug paraphernalia. Whether a student has violated this policy's prohibition against use of alcohol or illegal drugs may be determined by circumstantial evidence such as the aroma or smell of alcohol or drugs, either in the room or on the student's person, or conduct suggesting that the student is under the influence of such substances. Students in violation of this policy will face disciplinary action up to and including expulsion. This policy applies to students who return to campus under the influence of alcohol or drugs.
- **Body piercing.** Visible tattoos and body piercings that are inappropriate in a Christian setting or pose a health or safety hazard are not permitted. Students involved in student organizations or performing groups that represent the university may not have body piercings or tattoos that shed a negative light on the university.
- **Computer responsibility.** The computer resources at William Carey University are intended to be used for its programs of instruction and research and to conduct the legitimate business of the university. Users are responsible for seeing that computer resources are used in an effective, ethical, and legal manner. Policy violations generally fall into four categories:

This includes such items as guns, knives, or "homemade" weapons. Firearms are strictly prohibited on university property and off campus events except by authorized security personnel.
- **Fire safety violations.** Damaging, defacing, destroying, cancelling, removing, ignoring or tampering with a fire alarm or other fire safety equipment is prohibited. Failing to vacate a residence hall when a fire alarm sounds, or returning to a residence hall following the activation of a fire alarm without the permission of an appropriate university official are grounds for disciplinary action.

The university expects students to dress in a manner that complements the activity in which they are engaged and within the bounds of good taste. An administrator or faculty member may determine whether a given mode of dress disrupts the office or classroom process. More formal dress, if announced by the appropriate authority, may be required for special events or occasions. Shoes are required in all buildings except the living areas of the residence halls. Social media technology affords interaction with individuals and organizations that establish strong connections and participation. Social media can also be a factor for increasing student engagement on campus and assistance for transitioning to college life, all of which may be considered positive effects. The negative effects of social media technology are likewise a university concern that stems from the limited context available in digital communication. DISCIPLINARY ACTION

Disciplinary action is a consequence of violation of university regulations hereafter defined. Disciplinary action may also be initiated against students by the university for misconduct which may originate off campus when the student violates federal, state, or local laws and which materially and adversely affects an individual's suitability as a member of the university community.

Not all infractions of William Carey's regulations and standards of behavior are of equal seriousness. Violations are divided into four levels according to severity and sanctions; each offense is progressive. This means that a second offense in any of the four levels in any semester or consecutive trimesters will result in the second offense automatically moving to the disciplinary action of the next level. Examples of offenses by level include but are not limited to those listed.

The president of the university reserves the right to review all disciplinary action by any person or council and take whatever action he deems to be in the best interest of the university.

DEFINITION OF TERMS

A student found to be in violation of the Code of Conduct or any specific policies or social regulations in this handbook may be disciplined according to the nature of the offense. The following disciplinary actions represent standard and recognized university-wide sanctions:

Written warning—a written notice to the student offender that he/she has violated university rules and that further violations will result in more severe disciplinary action.

Fine—a monetary sanction imposed by the vice president for student affairs, dean of students, director of student services on the Tradition campus, housing director, or designee for violation of university regulations.

Work assignment—the requirement that a student perform some service or engage in some activity (usually having some relationship to the offense) that would benefit both the student and the university community.

Living unit probation—a prescribed period during which another violation of policy may result in the student forfeiting the privilege to live in a university residence hall and reduction of scholarship.

- hold a position/office in a campus residence hall, and/or
- represent the university in intercollegiate athletics or other public events.

Disciplinary suspension—exclusion for the offending student from the university campus, its classes, and other privileges or activities for a prescribed period.

Disciplinary dismissal—permanent termination of student status effective upon the date of dismissal specified.

No refund is issued when a student is dismissed for reasons of misconduct.

JUDICIAL POLICIES AND PROCEDURES

Philosophy, purpose, and authority

The purpose of the student judicial process is to investigate allegations of student misconduct and in those cases in which it is determined that the student has engaged in misconduct, to impose appropriate sanctions. The goal of disciplinary sanctions is to redirect inappropriate student behavior toward behavior that will contribute to the social and academic development of the student and the overall well-being of the university community.

The president of the university has delegated responsibility (subject to review hereinabove mentioned) for the student judicial affairs to the vice president for student affairs, who has in turn, delegated it to the director of student services (Tradition campus). It is the responsibility of these designees to initiate, implement, and supervise the student judicial process. These designees are assisted in the judicial process by various councils, including the following:

- administrative/student judicial council
- Student Government Association judicial council

Procedures for Judicial Review

Campus security, resident hall staff, faculty members, students, and any other member of the university community should report incidents to the vice president for student affairs (Hattiesburg) or the director of student services (Tradition). This official or designee will initiate the investigation. Once the investigation is complete, the adjudicating officer will determine if there is sufficient reason and evidence to continue the judicial process.

1. **Pre-hearing conference:** If the process is to continue, the adjudicating officer will meet with the student and determine the course of action. At this time, the accused will have the opportunity to provide information pertaining to the charges.
2. **Judicial hearing:**
 - A. Notice of hearing. Student accused of misconduct will receive prior notice of his/her obligation to appear for a hearing, usually 24 hours in advance. However, the vice president/dean or designee, may forego this waiting period in unusual or serious cases, or where urgency is necessary.
 - B. Representation & witnesses. The accused may not be represented at the hearing by anyone other than himself/herself. Witnesses for the accused will be permitted if approved in advance by the vice president/dean or designee. Witnesses must appear at the time and place of the hearing.
 - C. Decisions and sanctions. Decisions will be sent in writing to the accused student. If the decision calls for disciplinary sanction(s), a description of the sanction(s) or action will also be included. Failure to comply with sanctions will result in additional penalties of greater or equal severity.

At any stage of this process, a student will be deemed to have pled guilty of charges if he/she fails to cooperate, ignores, or does not respond within 24 hours of notification of incident.

The adjudicating staff member will review the incident, taking into consideration the information provided by the student. For complex violations, the adjudicating staff member may refer the hearing to the student life committee for student disciplinary decisions. A

determination will be made, and the student advised of the decision. *Judicial decisions that do not involve suspension or loss of housing privileges are final.*

Student(s) will be verbally advised of the decision with written notification to follow. In cases of suspension or loss of housing privileges, a student may appeal to the student life committee on the Hattiesburg campus; Tradition appeals should be made to the Coast administrative dean. A written letter of appeal must be received within three school days, excluding weekends and official student holidays. The president of the university may hear final appeals and take whatever action he deems to be in the best interest of the university.

Conduct violations of a less serious nature may be handled by the director of housing or his/her designee. Citations written by a member of the housing/residence life staff may be appealed through the office of residence life, and traffic appeals through the director of public safety.

Student Life Committee Standing Members

The committees have representation from administration, faculty, and students. Each faculty member serves a one-year term; members of administration may have standing appointments. Student appointment is made from the Student Government Association judicial council. If any of the faculty and/or administrators are unavailable, the vice president, dean, or directors may choose up to two substitute members in order to avoid delaying the adjudication of the case. The vice president, dean, or directors will convene the group, moderate the meetings, and present any witnesses or pertinent evidence.

Hattiesburg—director of athletics, housing director, registrar, two faculty, and two students

Tradition—academic dean, four faculty, and two students

No student representatives will be called for committee action on Level IV violations.

APPEAL PROCEDURE

1. Only decisions of suspension and dismissal may be appealed by an accused student.
2. The student must write a letter of appeal and submit the appeal to the office of the vice president of student affairs within three business days after receiving notice of disciplinary sanctions.
3. The letter of appeal must be complete and detailed. The student life committee for Hattiesburg will review appeals for Hattiesburg students; the administrative dean in Tradition will review appeals for Tradition students; and the vice president for student affairs will review Hattiesburg appeals when the student life committee is delegated the adjudicating responsibility. The vice president for student affairs will review Tradition students' appeals when the Tradition campus administrative dean is delegated the adjudicating responsibility.
4. The student will be provided an official written notification detailing the decision to accept or deny the appeal within five school days, excluding weekends and official student holidays.

The president of the university reserves the right to review all disciplinary action by any person or council and take whatever action he deems to be in the best interest of the university.

DESIGNATION OF DIRECTORY INFORMATION

The university has designated certain information contained in the education records of its students as directory information for purposes of the Family Educational Rights and Privacy Act (FERPA).

The following information regarding students is considered directory information: (1) name, (2) address, (3) telephone number, (4) major field of study, (5) participation in officially recognized activities and sports, (6) weight and height of members of athletic teams, (7) dates of attendance, (8) degrees and awards received, (9) previous educational agency or institution attended by the students, (10) academic level, (11) enrollment status (FT/PT), and (12) other similar information.

Directory information may be disclosed by the institution for any purpose in its discretion, without the consent of a student. Students have the right, however, to refuse to permit the designation of any or all of the above information as directory information. In that case, this information will not be disclosed except with the consent of a student, or as otherwise allowed by FERPA.

Any student refusing to have any or all of the designated directory information disclosed must file a written notification to the effect with this institution at the registrar's office on or before the first day of classes of each semester/term. Forms for this purpose are available in the registrar's office.

In the event a refusal is not filed, this institution assumes that a student does not object to the release of the directory information designated.

STUDENTS WITH DISABILITIES

Policy

Every reasonable effort will be made to meet the special needs of students who qualify under Section 504 and ADA disability criteria. Eligibility for special accommodations will be available to students who are officially enrolled at William Carey University, who meet all university program requirements, and who meet the definition of disability as defined by the Rehabilitation Act of 1973 and the Americans with Disabilities Act. The definition of

disability includes any person who "...has a physical, emotional, or mental impairment which substantially limits one or more of life's major activities; has a record of disability, or is regarded as having a disability" (P. L. 101-336).

Obtaining services

To obtain service, a student must first identify him/herself as one in need of special considerations. This must be done by contacting the office of disability services. Depending upon the nature of the special request, the student will be asked to present documentation from an appropriately licensed or certified professional with expertise related to a student's disability. Such documentation must explain how the disability limits a major life function, thus impacting a student's participation in courses, programs, services, activities, and facilities. Detailed documentation requirements for specific disabilities may be obtained from the office of disability services as well as an application for services. In some cases, evaluations for the purpose of documentation must have been completed within three years. After providing the required documentation, the student must meet with the coordinator of disability services in the office of student affairs and submit a written request for specific accommodations and services. The request for services must be renewed for each academic term. Please contact the disability services coordinator at 601-318-6211 for more information.

Accommodations are designed to meet the individual student's needs and are planned and implemented in consultation with the student. The university may, however, be unable to meet a need or implement an accommodation, adjustment, auxiliary aid, or service which would impose a fundamental alteration on a program or activity of the university, or which would impose undue hardship on the university, or which would substantially modify academic standards, programs, or coursework.

Grievances

If a student's request for accommodations or special service is denied and the student wishes to appeal the decision, the appeal should be in the form of a typewritten, signed letter to the vice president for student affairs submitted within five school days, excluding weekends and official student holidays. The president of the university or designee may hear final appeals in such matters.

POLICY ON STUDENT COMPLAINTS

William Carey University seeks to provide each student with a positive educational experience. Students who experience difficulty are encouraged to make every attempt to resolve the problem informally by discussing the problem with those who are closest to the source. However, students who wish to file formal complaints related to university policies, procedures, faculty, employees, or other issues may do so by following the guidelines presented below. The following chart is intended as a guide for successfully completing the four procedural steps outlined below the chart. None of the parties involved in a student complaint may be represented by anyone other than himself/herself during any phase of the complaint procedure.

Direct the typewritten complaint (in sequential order) to: For complaints relating to:

- | | |
|--|--|
| 1. Academics
(course-related issues that are not grades; issues related to faculty) | 1) faculty member, 2) department chair, 3) dean of school, 4) associate provost for academic affairs |
| 2. Academics
(issues related to university academic policies) | associate provost for academic affairs |
| 3. Admissions | director of admissions |
| 4. Athletics | 1) head coach of the sport involved, 2) director of athletics |
| 5. Business Services | student accounts supervisor |
| 6. Counseling | vice president for student affairs |
| 7. Discriminatory Harassment | vice president for student affairs or vice president of the Tradition campus |
| 8. Financial Aid | director of financial aid |
| 9. Housing & residence life | 1) director of residence life, 2) vice president for student affairs |
| 10. Physical facilities | director of physical facilities |
| 11. Sexual offenses | vice president for student affairs or vice president of the Tradition campus |
| 12. Student activities | 1) director of student activities, 2) vice president for student affairs |
| 13. Student assistance | vice president for student affairs |
| 14. Student judicial affairs | vice president for student affairs |
| 15. Other student issues:
(security, cafeteria, etc.) | vice president for student affairs |

Procedural steps:

STEP 1) A typewritten, signed complaint should be filed with the faculty member or administrator who is closest to the source of the complaint except for grade appeals. Complaints not resolved at one level should be presented to those at increasingly higher levels of responsibility and authority as outlined above. Contact the academic affairs office to request a Grade Appeal Form and instructions for submitting a grade appeal to the associate provost for academic affairs.

STEP 2) After receiving a complaint in the first category (number 1) above, the faculty member will respond to the complaint within seven working days after receiving the complaint. If the student is not satisfied with the response, he/she may appeal to the higher level of authority. Each level of authority must respond to the complaint within seven working days of receiving the complaint. If the student does not receive a response in the allotted time, he/she may proceed to the next level of authority without the previous level signature.

If the complaint is related to any category after the first (numbers 2-15) an administrator will initiate a full investigation of the complaint which will be completed in 30 working days or less. If an investigation is required to deal with the complaint during this investigative phase, the investigator will determine a response to the complaint that will provide as much corrective action as possible from his/her level of authority.

During the investigation, none of the parties involved may have an attorney present.

STEP 3) The investigator will then meet with the student who filed the complaint and explain what action will be taken to correct the situation.

STEP 4) The complainant may then accept the corrective action as offered, or appeal the decision to the person at the next level of authority. Appeals must be submitted within five school days, excluding weekends and official student holidays. Any complaint not resolved at the highest level should be presented in writing to the president of the university (or designee) who will provide the final response to the complaint.

For clarification of any part of this process, please contact the Office of Student Affairs. For online review of complaint procedures, visit our website: www.wmcarey.edu/student-complaint-procedure.

DRUG-FREE CAMPUS POLICY

William Carey University expects its students to obey the law. A violation of alcohol or drug laws while enrolled at the university violates the university's expectations of its students.

Further, William Carey University prohibits its students from using, possessing and distributing or causing the use, possession or distribution of alcohol and illegal drugs on campus, at any university-related, sponsored, or recognized activity, whether on or off campus, and off campus in a student's university residence. Students are prohibited from using prescription drugs in any fashion other than as directed by a physician.

Possession shall be defined to include the presence of alcohol or illegal drugs in the student's university residence or automobile. The prohibition against the use, possession or distribution of alcohol and illegal drugs shall include the possession of any alcohol containers, promotional literature and/or drug paraphernalia. Whether a student has violated this policy's prohibition against use of alcohol or illegal drugs may be determined by circumstantial evidence such as the aroma or smell of alcohol or drugs or conduct suggesting that the student is under the influence of such substances. William Carey

University reserves the right to go forward with campus judicial procedure regardless of the status of local, state or federal investigations into conduct in violation of this policy. Sanctions may include suspension or expulsion. In addition to university sanctions, any student found in violation of the drug and alcohol policy may be referred to the appropriate authorities for criminal prosecution.

Students who observe or learn about conduct in violation of this policy shall immediately report the conduct to the vice president for student affairs.

A detailed description of the state penalties for operating a vehicle while under the influence of alcohol or drugs, illegal alcohol, and the uniform controlled substance laws can be found in the Mississippi Code of 1972, which is available at <http://www.lexisnexis.com/hottopics/mscode/>.

HEALTH RISKS ASSOCIATED WITH DRUG OR ALCOHOL USE

Narcotics such as opium, morphine, and heroin can cause euphoria, drowsiness, respiratory depression, constricted pupils, and nausea. The symptoms of an overdose of narcotics are slow and shallow breathing, clammy skin, convulsions, coma and possible death. Persons experiencing withdrawal from addiction to narcotics can experience watery eyes, runny nose, yawning, loss of appetite, irritability, tremors, panic, cramps, nausea, chills and sweating.

Depressants such as barbiturates and quaalude can cause slurred speech, disorientation and drunken behavior. An overdose of a depressant results in shallow respiration, clammy skin, dilated pupils, weak and rapid pulse, coma and possible death. Withdrawal symptoms include anxiety, insomnia, tremors, delirium, convulsions and possible death.

Stimulants such as cocaine can cause increased alertness or euphoria, an increased pulse rate and blood pressure, insomnia, and loss of appetite. An overdose of stimulants results in agitation, an increase in body temperature, hallucinations, convulsions, and possible death. Withdrawal symptoms include apathy, long periods of sleep, irritability, depression, and disorientation.

Hallucinogens such as LSD and amphetamines cause illusions and hallucinations, and poor perception of time and distance. The effects of an overdose include psychosis and possible death.

Marijuana and hashish can cause euphoria, increased appetite, relaxed inhibitions, and disoriented behavior. The effects of an overdose include fatigue, paranoia, and possible psychosis. Withdrawal symptoms include insomnia, hyperactivity, and decreased appetite.

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

COUNSELING AND REHABILITATION RESOURCES

Students who experience problems with alcohol or other drugs may seek help from several sources. The university provides individual counseling through the student counseling center (Hattiesburg ext. 6808) or the administrative dean on Tradition campus (ext. 1802).

Information and assistance are also available from several off-campus sources:

This report must be made within ten calendar days of the conviction. Failure to report such a conviction may subject the student to suspension or termination of the Pell grant, and ineligibility for other types of federal financial assistance.

COMMUNICABLE DISEASE POLICY

It is the policy of the university that students with contagious, infectious, long-term, life-threatening, or other serious diseases may continue to participate in the university's programs and activities as long as, with reasonable accommodation, they physically and mentally meet the academic and technical requirements of the program without undue risk to their own health or that of other members of the campus community.

After consultation with public health experts, university officials will determine the ability of the institution to reasonably accommodate students with contagious diseases.

Their determinations will be based on the consideration of factors. Among the factors to be considered are:

- The duration of the risk;
- The nature and severity of the potential harm;
- The likelihood that the potential harm will occur; and
- The imminence of the potential harm.
-

DRUG TESTING POLICY

It is the policy of William Carey University to conduct entry and random drug testing to meet the requirements of agencies receiving William Carey University students in clinical settings, practica, internships, athletics, performing and competitive groups, and other such courses. University administration are also authorized to develop procedures for testing of other groups of students who represent the university in some official capacity. All drug testing procedures will receive the approval of legal counsel before implementation.

ADMINISTRATIVE WITHDRAWAL

William Carey University reserves the right to require the immediate withdrawal of any student whose conduct poses a direct threat to the health and safety of others.

ANNUAL DISCLOSURE OF CRIME STATISTICS/POLICIES

In compliance with its duties under federal law, William Carey University makes annual disclosure of campus crime statistics and campus security policies. These disclosures are made to current students and, upon request, to prospective students.

MISSING PERSON POLICY

It is the policy of William Carey University to comply with all federal regulations, and to take steps to protect the safety of residential students.

The term “missing student” is defined as any WCU student residing in on-campus student housing who is reported missing. If someone has reason to believe that a WCU student who resides in on-campus housing is missing, he or she should contact the office of residence life immediately. Reports of missing students should be made to the director of residence life and housing (601-318-6102) and/or WCU campus security (601-318-6300). The office of residence life will notify the vice president for student affairs, campus security, and/or other appropriate law enforcement agencies upon receipt of a missing student report.

Whenever a WCU student is believed to be missing, the university will generate a missing student report and initiate an investigation. If the university determines that the circumstances of the missing student requires a police investigation, the university will notify the local police and/or the sheriff's department. If the police determine that the student should be classified as a missing person, they will initiate their own investigation. The university will support their investigation by providing whatever support is appropriate. Each year students who reside on-campus may designate contact information for the person to be notified in the event the student is determined to be missing. Student contact information will be kept confidential and only accessible to authorized university officials and law enforcement in the furtherance of a missing person investigation. Information may be amended or supplemented by contacting the office of residence life. Within 24 hours of a student being deemed missing, the university will notify the contact person designated by the student. If the student is under 18 years of age and is not

emancipated, the university will notify the student's custodial parent or guardian and other designated contact person within 24 hours after the student is deemed missing.

VOTER REGISTRATION

William Carey University encourages its students to inform themselves on the issues and candidates for public office, and to register and vote in all elections. Information regarding voter registration and registration forms are available in the student affairs office. To expedite this process, voter registration forms for the State of Mississippi are available to residential students upon checking into the residence hall, during student orientation, and in the Student Life Office, King Student Center, room 314. According to Mississippi law, you must register to vote at least 28 days prior to each election to be eligible to vote in that election.

You may register to vote either by mail or by visiting the Forrest County Circuit Clerk, 630 N Main Street, Hattiesburg, Miss.

APPENDIX A

Academic Integrity Policy

Academic Integrity

William Carey University seeks to create an environment that encourages continued growth of moral and ethical values, including personal honesty and mutual trust. The university places high value on academic integrity and regards any act of academic dishonesty, including plagiarism, as a serious offense. Academic dishonesty is considered unethical and in violation of William Carey University's academic standards and Christian commitment.

Academic Honor Pledge

All students at William Carey University are bound by this pledge:

I promise or affirm that I will not at any time be involved in cheating, plagiarism, fabrication, or any other acts of academic dishonesty as defined by university policy which explains the disciplinary procedure resulting from violations of academic integrity. I understand that violation of this code will result in penalties, which could include suspension or dismissal from the university.

Forms of Academic Dishonesty

Any act done to misrepresent one's knowledge and/or ability in an attempt to gain an academic advantage is considered to be an act of academic dishonesty. This includes but is not limited to the following actions or attempted actions:

1. **Cheating on examinations:** (a) utilizing any materials not authorized by the instructor for assistance on an examination; (b) utilizing any information that was obtained from another individual and not authorized by the instructor; (c) allowing another individual to take an examination and presenting that work as his/her own.
2. **Cheating on course assignments:** (a) obtaining any form of assistance not authorized by the instructor on a class assignment, including unauthorized use of artificial intelligence (AI); (b) submitting the same work in more than one course without the knowledge and permission of the instructor.
3. **Plagiarism:** (a) submitting an assignment as one's own original work when all or part was done by another individual; (b) knowingly representing the ideas of another person as one's own in any academic exercise.
4. **Fabrication:** Inventing or falsifying information used in an academic exercise.
5. **Misrepresentation:** (a) intentionally providing false or misleading information regarding absences in class, missed exams, late class work, or class drop dates in order to avoid the penalties associated with these actions; (b) intentionally providing false or misleading information on official university documents such as applications for admission and financial aid.
6. **Unauthorized access:** (a) unauthorized access to and/or alteration of any class records or documents such as grade books, class rolls, and examinations; (b) unauthorized access to and/or alteration of any official school documents such as transcripts, admissions files, and financial aid records.

7. **Facilitation:** Intentionally helping another individual to commit any act of academic dishonesty.
8. **Artificial Intelligence:** Use of artificial intelligence software to complete in part or in whole any required assignment unless the professor has allowed artificial intelligence software to be used for the assignment.

Academic Integrity Guidelines

1. These guidelines are based on the principles of redemption and growth and are intended to allow students to learn from their mistakes, master the expectations of academic integrity, and accept responsibility for their own actions.
2. It is the position of the trustees of William Carey University that emphasis should be placed on the prevention of breaches of academic integrity.
3. Faculty should require students in their classes to utilize available technology (such as Turn-It-In) to detect possible plagiarism before turning in major assignments.
4. Please note that the definition of plagiarism includes, "... knowingly [emphasis added] representing the ideas of another person as one's own". Students are responsible for learning to correctly give credit for others' work. Faculty should differentiate between incorrectly citing sources and failing to give credit to sources when considering whether a student's performance involves plagiarism.
5. In all cases, faculty are to have a conference with a student observed in or suspected of an act of academic dishonesty and allow the student to respond to the charge.
6. Prior to the conference, the faculty member should contact the office of the associate provost of academic affairs to determine whether the student has had prior offenses.
7. All academic integrity offenses are to be reported to the office of the associate provost of academic affairs.
8. A student may not drop a course or withdraw from the university to avoid the penalties incurred as a result of an act of academic dishonesty.
9. For any case involving an egregious offense, or lack of cooperation on the part of the student, the instructor may confer with the school dean regarding referral to the academic integrity review board.
10. Students have the right to appeal any penalty given by an instructor to the academic integrity review board. Students have the right to appeal any penalty given or upheld by the academic integrity review board to the associate provost for academic affairs.
11. When an incident is sufficiently serious to request an academic integrity review board hearing, the faculty member shall prepare a written statement summarizing the offense, results of the conference with the student, and requesting the associate provost of academic affairs to convene the academic integrity review board. The student will be asked to read and sign the statement acknowledging that he/she has been informed of the charge and the penalty. If the student refuses to sign, the instructor will make that notation on the report and forward it, through the department chair/dean, to the associate provost for academic affairs. Student appeals of faculty action must, likewise, be in writing, signed, and forwarded to

the associate provost for academic affairs. The student will be allowed to remain in class pending the outcome of the academic integrity review board hearing. The student's final status in the class will be determined by the outcome of the hearing. When a case is referred by the instructor, or the decision of the instructor is appealed by the student, the academic vice president shall notify the chair of the academic integrity review board, who will schedule a meeting and notify the instructor and the student at least five working days prior to the meeting.

12. The academic integrity review board may recommend suspension or dismissal from the university for egregious or repeated offenses. Other penalties available to the academic integrity review board and the procedures to be followed by the honor board are found in the *Policy and Procedures Manual* of the university, Policy Number 407 "Academic Integrity."
13. The table on the next page gives penalties for academic dishonesty and applies throughout a student's academic career.

APPENDIX B

Intramurals Rules and Regulations

Carey Intramurals Rules and Regulations

How to Enter

To view the sport and activity list for the school year as well as register for any intramural activity, please follow the suggested guidelines:

Team and individual entries will be accepted at the intramural sports office or online at imleagues.com/wmcarey. Check the activity information sheet for the times and dates of the sport entries. Each participant must present a William Carey Student ID card and fill out the proper entry form in order to participate.

For team sports, an organization's intramural chair or team captain may register his/her team. All team rosters must be filled out completely on the proper entry form before the posted deadline date and time. Each roster must have the minimum number of required participants, with their WCU student ID number for that sport/event.

Individuals desiring to play in a team sport but who are not affiliated with any team or organization may come by the intramural sports office and sign up as a free agent. Students may also sign up as a free agent online at imleagues.com/wmcarey. Team captains who need more players to fulfill the minimum requirement are encouraged to draft players from the free agent list.

How to Organize

Sororities, residence halls, and independent student groups should choose a team captain or chair to be in charge of intramurals. Captains will be given information from the intramural office to pass on to other members of their team.

Assumption of Risk

Individuals are encouraged to have a physical examination and obtain adequate health and accident insurance *prior to participation* in recreational sports activities. Individuals who participate in recreational sports will be doing so at their own risk. William Carey University is not responsible for any injury that may occur to an individual participating in any intramural sports activity. Participation in intramural sports is on a voluntary basis.

Ambulance Policy

The William Carey University intramural department will follow the following guidelines for the use of an ambulance:

1. The intramural coordinator will determine if an ambulance is to be called.
 - a. Head trauma
 - b. Uncontrollable bleeding
 - c. Spine/Neck injury
 - d. If injured player would need the immediate skills and/or equipment of paramedics or emergency medical technicians.
 - e. If injured player's condition could worsen and become life-threatening on the way to the hospital
2. If an ambulance is not an absolute need, the intramural director will then let the injured player decide if he/she wants to use an ambulance or not. Since students participating in intramural sports at William Carey University are responsible for their emergency care costs, they should have the choice if they want an ambulance or not.

3. If the injured player decides he/she does not want an ambulance, the intramural coordinator will be in charge of arranging transportation to the hospital.

Intramural Sports Program Competitive Concept

The intramural sports program is designed to match equally skilled organizations in various activities to meet physical as well as recreational needs. Team, individual, and dual competitions will take place. Awards for active participation and success should not be the only goal in an intramural program, but such awards do add to the competitive spirit of such an activity. It is with this idea in mind that the intramural sports program will offer awards to the champions of each sport.

The intramural sports program reserves the right to put into effect emergency rules relative to the program in order that the program might function in a secure manner.

Eligibility Rules

Each participant must present a current WCU student ID card before each contest to be eligible to participate in intramural sports.

Eligibility Investigations: The intramural sports staff will assume responsibility for investigation of the eligibility of all participants, upon request. WCU student ID cards will be required during all intramural activities. If an individual in question cannot provide valid identification, that individual, or his/her team, will forfeit the game or match.

Professional Athletes: Students ineligible for varsity competition because of professional rank are prohibited from competition in the intramural sports program.

Varsity Letter Winners: A person who has received a varsity award at any university or four-year college within the last year is ineligible to compete in the sports for which they received the award.

Junior College Letter Winners: A junior college letter winner shall be eligible in all sports.

Student-Athletes: No athlete whose name appears on a varsity, junior varsity, or freshman roster will be eligible in intramural sports for that particular sport during that academic school year. Red-shirted athletes may participate if they obtain a written consent from their intercollegiate coach. If a student receives any amount of scholarship to play for a WCU sports team, then that student is not eligible to play in the intramural version of that same sport.

Alumni: All alumni are ineligible for participation in intramurals. You must be a current student/faculty/staff member of WCU to participate in intramurals.

Rosters: In order for an individual to be considered eligible for intramural competition, his or her name and WCU student ID number must appear on the team roster. Additions or deletions to the team roster may be made during the hours of 8 a.m. – 5 p.m., Monday through Friday, at the intramural sports office or online at imleagues.com/wmcarey.

Competing on Two Teams: Players participating with one intramural team are not eligible to play for another team in the same sport.

Exception: Individuals may play in either the men's or the women's program, plus the co-rec program.

Team Transfer: Any individual wishing to transfer from one team to another team must have the approval of the coordinator of intramural sports.

Ineligible Player: Any person participating in an intramural activity without his/her name and WCU student ID number on the team's roster or who is found in violation of the rules and regulations of intramural sports is ineligible.

1. Any person participating in an intramural activity found to be ineligible shall be suspended from that activity for the remainder of the season.
2. Any team using an ineligible player shall forfeit all games in which the ineligible player participated.
3. A player competing under an assumed name will be suspended from intramural competition for the remainder of the season and placed on probation for the remainder of the school year.
4. All players participating in a game/match using a player who is not a current WCU student, faculty, or staff member shall be suspended from intramural sports for the remainder of the semester and placed on probation the remainder of the school year.

Forfeit Policy

Forfeit time is game time; however, a 15-minute grace period will be allowed. After this time, the intramural director will declare the contest a forfeit, thus resulting in the following:

1. The forfeiting team will automatically relinquish the points designated for that game.
2. The winning team must record its lineup for the forfeited games and must have at least a minimum of the official number of players for that sport.
3. If you think your team will not have enough people for a game, please notify the intramural director at least 24 hours before the scheduled game.

Postponements

Intramural sports program is willing to cooperate in extraordinary circumstances by allowing occasional postponements of contests, but because of the number of entries and short seasons, these must be kept to a minimum. For such postponements, the coordinator of intramural sports must be notified at least one working day prior to the scheduled time of the contest.

Rain-outs

These will be rescheduled at the discretion of the coordinator of intramural sports.

Protests

In order for a team to be eligible to file a protest in a sport, an organization's intramural chair (or someone from the team's roster) must attend the mandatory preseason managers' meeting.

Rule Interpretations

Protests involving rule interpretations will be considered on the field or court immediately following the incident in question. The game is suspended, and the intramural supervisor will be called to the game site. Play should not continue until the supervisor

renders a final decision. **NOTE:** If a team continues to play without calling the supervisor to the game site, then that team forfeits its right to a protest.

Player Eligibility

Protests concerning player eligibility must be made to the intramural sports supervisor before, during, or immediately after the contest in question. The protest will be ruled on by the coordinator of intramural sports the following day.

Conduct of Teams, Individual Participants, Coaches, and Spectators

Sportsmanship

A part of the philosophy of the intramural sports program is that good sportsmanship is vital to every intramural contest. In order to encourage proper conduct during games, officials, supervisors, and administrative personnel shall make decisions to warn, penalize, or eject players/teams/spectators for poor sportsmanship. These decisions are final.

Prohibited Conduct

No player, coach or spectator shall:

- use abusive language, threaten or abuse any other player or intramural sports employee before, during, or after any intramural contest. Any offending language is not tolerated and will result in ejection and possible suspension from program.
- participate in a game for which he/she is ineligible.
- argue with the game official. Only the captain may address (courteously) the game official concerning the interpretation of a rule.
- intentionally strike, shove, or exhibit any other unsportsmanlike conduct towards another player or employee of intramural sports.
- mistreat the facility, equipment, or supplies of intramural sports.

Fighting

Under no circumstances will fighting be tolerated. Participants involved in any fighting shall be immediately removed from the contest and subject to further disciplinary action. (See Mandatory Penalties)

Spectators and Equipment

Team captains are responsible for their own spectators and equipment. Spectators are subject to the policies and regulations of the intramural sports program. (See Mandatory Penalties)

Verbal Abuse

Verbal abuse of intramural sports employees will not be tolerated. William Carey University specifically prohibits the use of grossly abusive language that insults, taunts, or challenges another person. This includes swearing, obscenities, epithets directed at an individual's race, color, ethnic identity, religion, sex or that which is personally abusive, degrading, and insulting.

Alcohol or Drug Abuse

Alcoholic beverages and drugs are not permitted on or in the vicinity of intramural sports contests or facilities on WCU property. Participants who are considered to be under the influence of alcohol or drugs will not be permitted to participate in intramural sports contests.

Mandatory Penalties

1. Any individual who is ejected from a contest must leave the facility (sight and sound) immediately upon notification by the intramural supervisor.
2. No individual may participate in or watch any intramural activity during his or her suspension.

Violation: Shoving, striking, or physically abusing an official or supervisor

Penalty: Automatic suspension from intramural sports for one full calendar year

Note: Penalty also includes being reported to the vice president for student affairs and possible assault charges at the county courthouse. Penalty may also include the individual's team's elimination from further participation in that sport for the remainder of the sport's season.

Violation: Ejection or misconduct during or after the last game of a season in a sport

Penalty: Possible suspension from all intramural sports activities during and including the next major team sport

Note: Each case is heard separately by the coordinator of intramural sports.

Violation: Continuous evidence of unsportsmanlike conduct by individuals, teams, or organizations

Penalty: Suspension from intramural sports for a minimum of one semester

Violation: Ejection from a game due to a rule infraction

Penalty: Suspension from the team's next game and probation for the remainder of the sport's season.

Note: Each case will be heard separately by the coordinator of intramural sports.

Violation: Ejection from a game due to unsportsmanlike behavior

Penalty: Automatic suspension from the team's next scheduled game and probation for remainder of the sport's season.

Violation: Ejections from a game due to fighting (individuals)

Penalty: Automatic suspension from team's next two scheduled games and probation for the remainder of the sport's season.

Note: Any player, coach, or spectator who leaves the team area and enters the playing field/court during a fight is considered to be involved in the fight.

Violation: Sidelines emptying onto the playing field (team)

Penalty: Automatic forfeit of game by both teams and mandatory meeting of team captains with the intramural sports director. The offending team or organization will be placed on probation for the remainder of the semester (1st violation). A second violation of this rule by a team will result in automatic forfeit of the game and mandatory meeting with intramural sports director by the following day. In addition, a second violation will result in that team or organization not being allowed to have spectators for the remainder of that semester.

Note: If only one sideline empties onto the playing field, the game will be forfeited to offending team's opponent.

Disciplinary Cases

Cases involving individuals or teams violating the rules and regulations of the intramural sports program will be heard by the intramural sports coordinator. The individuals or teams involved will be suspended from intramural competition pending a decision from the coordinator of intramural sports.

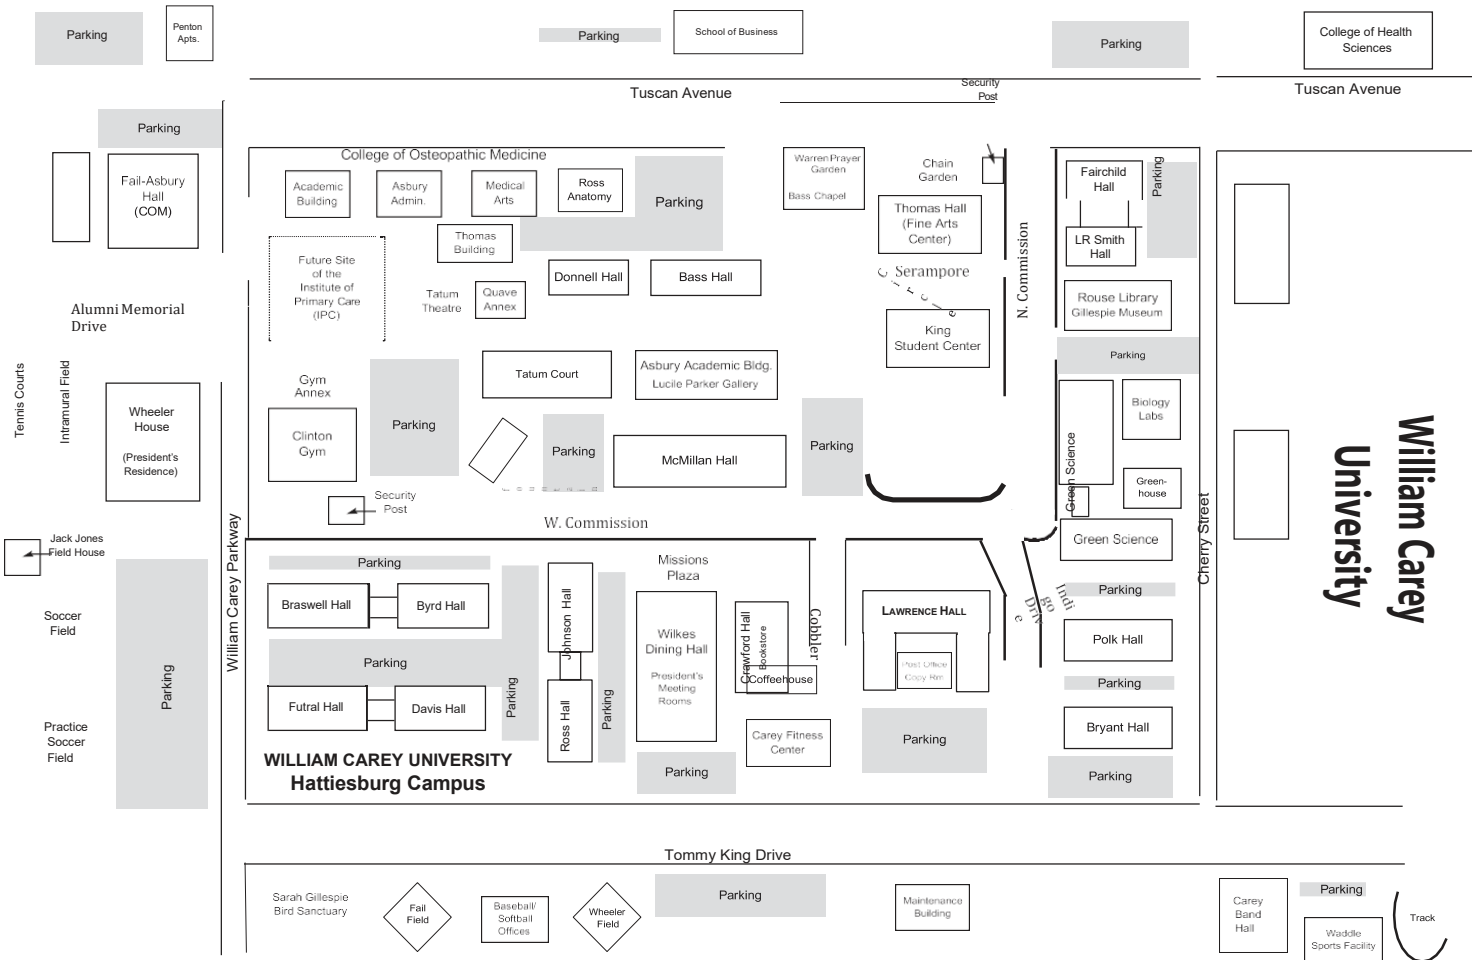

THE ALMA MATER

Text by Carey student Joan Geiger, 1962

Music by Carey music professor Robert L. Gauldin, 1962

William Carey, we will love thee,
Loyal we will be
And we will ever sing thy praises;
Hail, all hail to thee.
Lifting high the light of knowledge,
Answering the clarion call,
Thou hast made thy sons and daughters
Staunch crusaders all.

Thou hast taught us love and honor,
Taught us truth and right,
While fitting ev'ry new crusader
With thine armor bright.
May the God, who made thee worthy,
Keep thee ever truly free;
May His spirit, Alma Mater,
Ever dwell with thee.
